DING

So, how are you feeling?

I'm excited! I've wanted this for a long time, and being given the opportunity is awesome.

NBIA

Arc 6
Solar Fair

peachy-pups asked:

Hey Carl! It's been a minute, what are you up to? Are you at an airport or something?

Yep! I'm waiting for a plane. It's uh... a long flight, so I'm gonna be up there a while...

wormapples asked:

hi carl!!! what are you looking at on ur phone? :O

Uhh, I got like... an app? For the airline I'm flying on? So I could check in early and keep track of my suitcase and stuff...

Kinda cool, it notified me when my bag was loaded to the plane.

potassium-guy asked:

Let me guess: you're going to go see Sly in person?

YES!

We're seeing each other in person for the first time ever!

smilingroadkill asked:

CARLLL!!! Lemme guess..... meetin up with a certain stinky fella? :3

...w-what do you mean "stinky"???

geencream asked:

omg what are you two going to do together in east eroid

Well, I'm visiting during a world-famous event for the city Sly lives in called the Solar Fair!

The Solar Fair is basically an alien themed fun fair, or carnival or whatever.

I was able to convince my parents to let me go during it because they know what it is.

rye-in-a-coat asked:

Well Carl, you seem very excited to finally meet Sly, but how do you feel about meeting the over ten siblings and nearsiblings?

W-well... we probably won't be around them too much. The visit is to be with Sly, not his family.

milezprower asked:

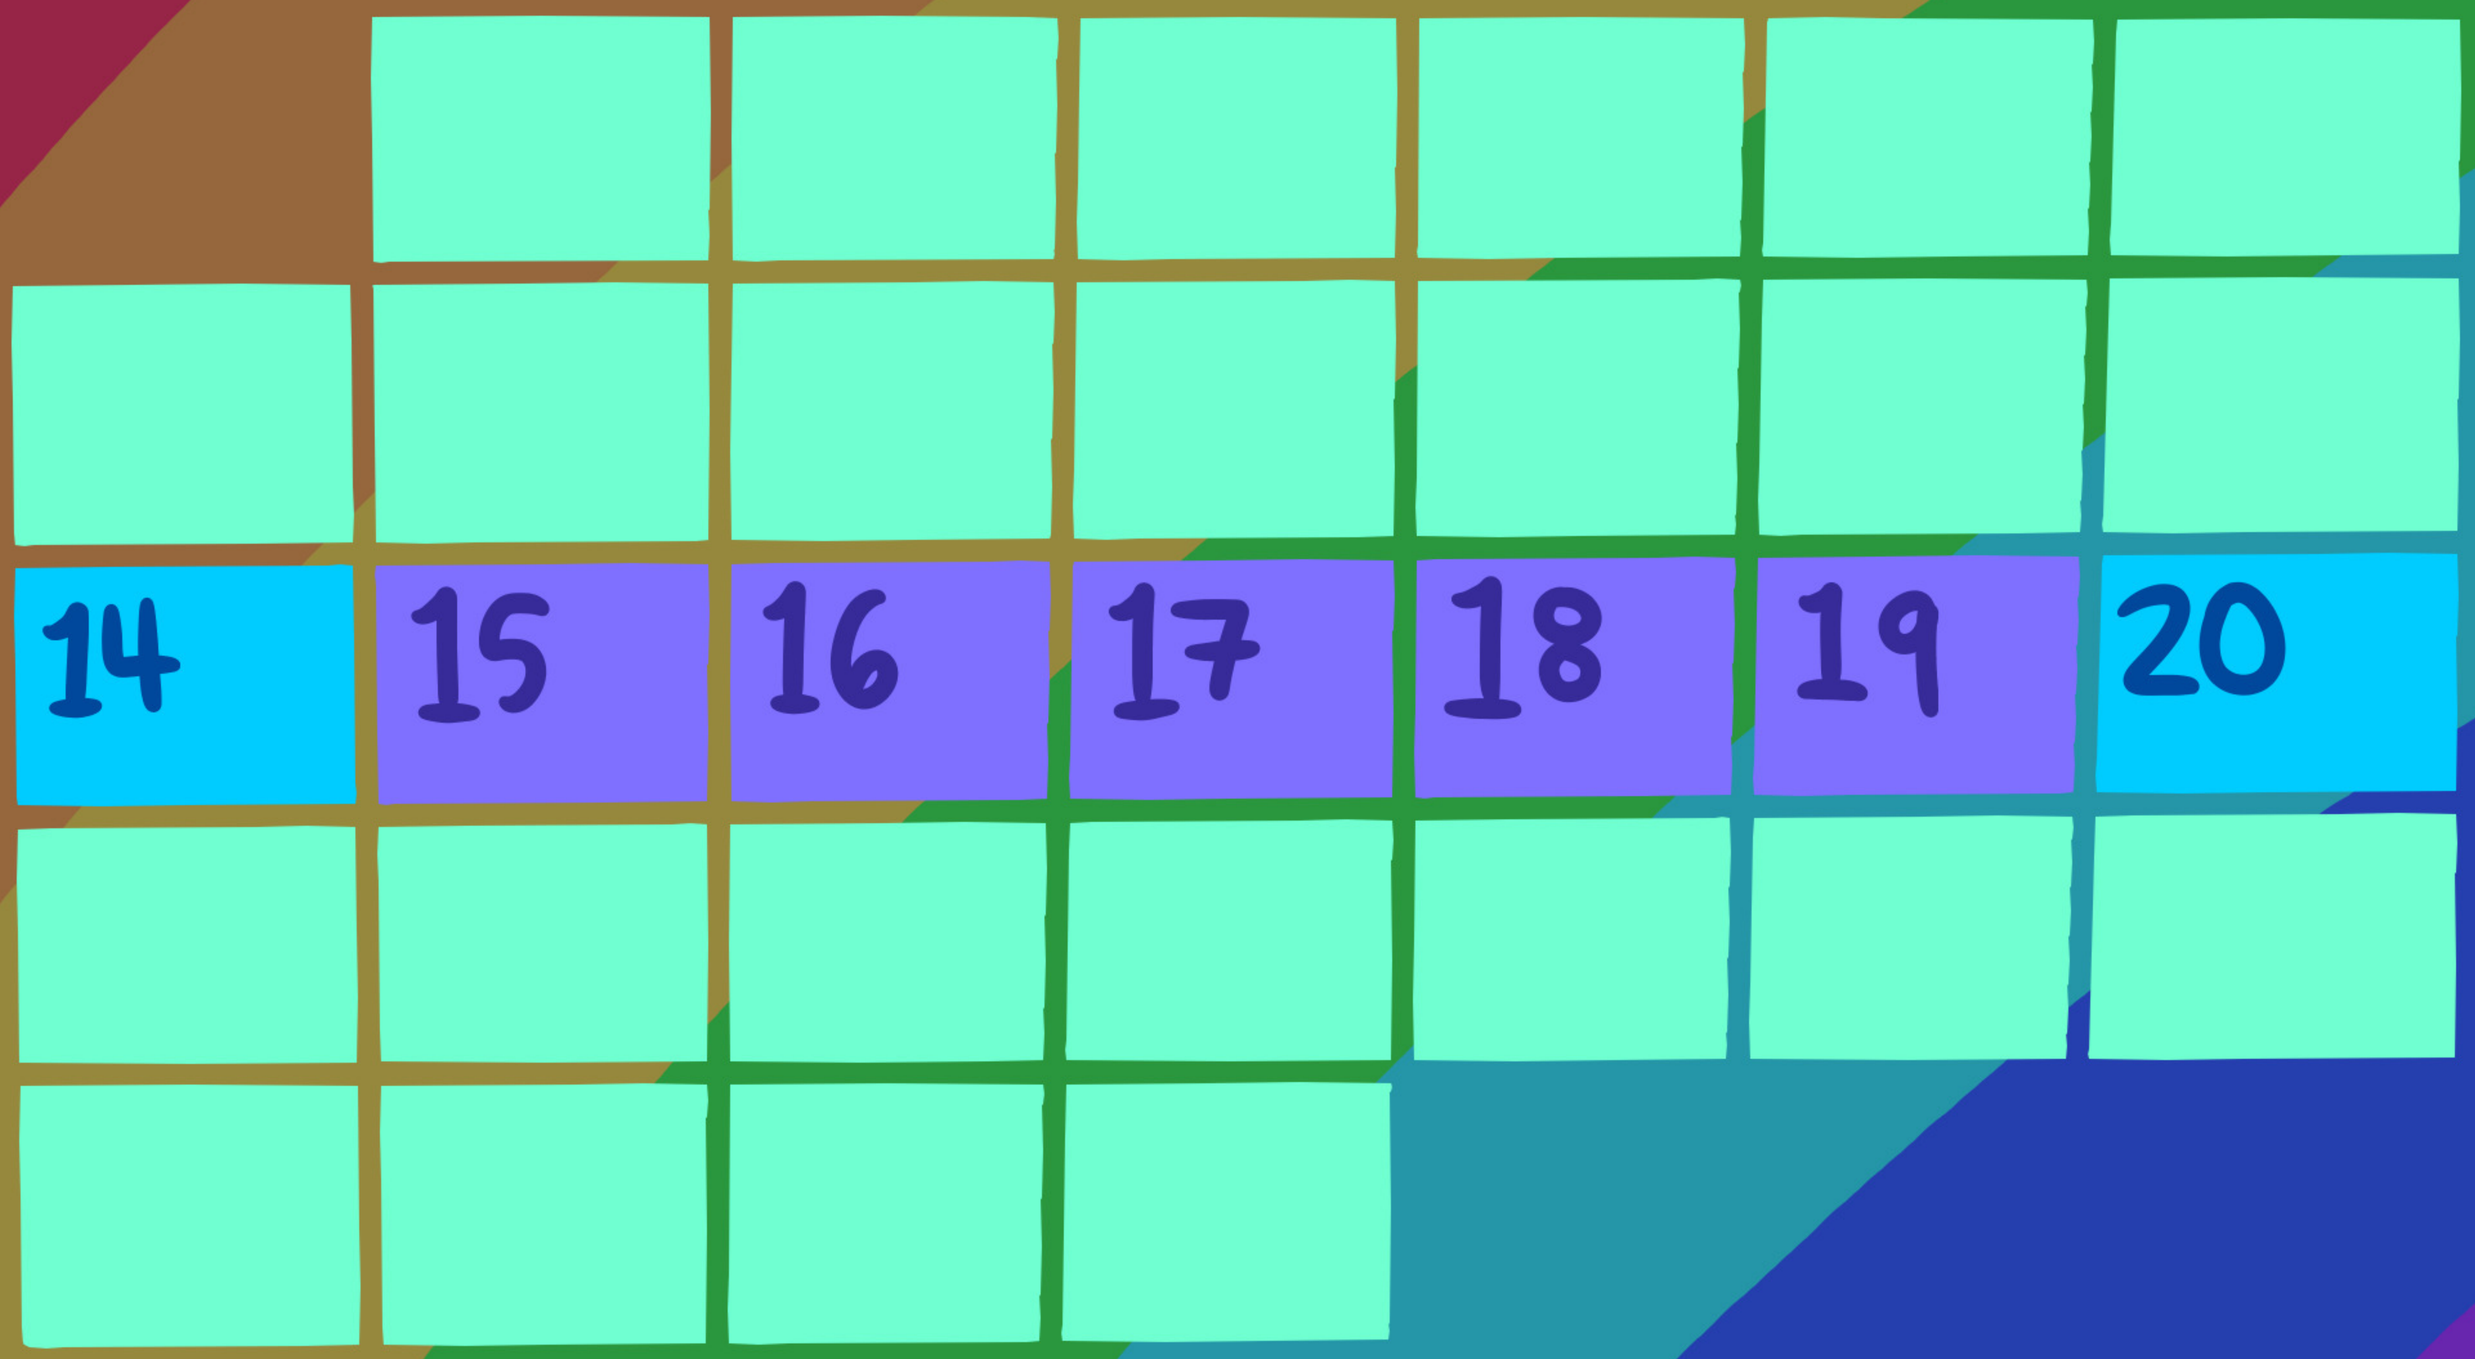
Couldn't you just fly there yourself ? You've got some size-able wings to carry you.

.....you think I wanna fly for that long over the fucking ocean??????

harold20 asked:

How much are you gonna stay?

Well, the Solar Fair goes from the 15th to the 19th, but I arrive on the 14th and leave on the 20th.



I'm gonna be so jetlagged when I get there because of the time difference...

I've never gone over the ocean before so I'm a little nervous, but...

I-I'll be okay I think...

Boarding for Niceburg to East Eroid is starting now!

O-oh! I've gotta go now!!!

tapricornzzz asked:

dragons are quite a bit bigger than the average anthry, right? do you need special plane seats or do normal air-lines tend to accommodate dragons?

Uuuh... I made it work.

I NEED to shower...
I don't want his first impression of me to be that I smell bad...

W-what if he didn't wanna be around me...?
I-I HAVE to... i-it just feels so bad...!!

I-I just wanna stop having a body for a while...

I-I don't wanna go through this....

rabbitruler asked:

uhh, hey sly? you doin' okay?

U-uhmm... n-not really... I... I'm about to see Carl in person for the first time, so I need to shower. A-and you know how hard that is for me...

geencream asked:

hi sly im sure carl would love you just the way you are

I-I know he would...
I don't doubt that.

B-but I don't want his VERY FIRST impression of me to be that I smell bad... H-he doesn't know how hard showering is for me cuz I don't talk about it...

zguttedskullminion asked:

Sly?! How did you get those rope burns....?

zguttedskullminion asked:

Sly?! How did you get those rope burns....?

HIDES HANDS

solarpawbs asked:

You've got this, Sly! I know it's hard, but you can get through it!

I-it's not like this is something I've ever not survived... i-it should be easy...

I-if it wasn't so hard to be naked, maybe I'd have an easier time...

knowyouronion asked:

what's wrong with your body?

.....!

M-my problem with
it is nobody else's business!
I just don't want to do it!

S-stuff like "I'm
sure you look fine"
does NOT apply here!

s1illyemporium asked:

sly why dont you wait for carl to arrive and so when he ar-
rives you tell him about your showering stuff and you two
shower together so its better idk

A-are you kidding?!
I-I don´t want him to
see me naked!!! That´s
WORSE!!!!!

....s-sorry- I know you're genuinely trying to help, I'm not mad...

T-this is just a very overwhelming situation...

eeveeskittles asked:

It's gonna be okay Sly! Try to think of all the fun things you can do with Carl when he gets there, you got this!

W-well, we wanna see the Solar Fair... but I also wanna show him around town a little, stuff from my life or childhood.

I tell him lots of stories about the chaos of my life, and I-I think it would be fun to... place it in reality with him?

Y-you can imagine I have a lot of stories with my family being... ...the way it is.

T-there's a lot of stuff in my life that text just can't properly convey...

smilingroadkill asked:

Hey sly! Why don't you take a bath instead of a shower?
It's alot more relaxing!

BUBBLE
BATH

...Sly! You look so nice!!!

It looks okay...?

More than okay! You smell nice too!

Now, let's get to the airport- Carl will be there soon!

...before we get there...
there's something I think
we should talk about.

...I think you should prepare yourself for being surprised.

...surprised about what?

I just- you should prepare yourself for finding out Carl is different than he is online.

Dad, not everyone on the internet is bad.

T-that's NOT what I'm saying, it's- it's more that you might find out stuff you didn't know about. That's all.

I mean, does he know about your problems with showering?

W-well... no, but- that's different.

It isn't, though. What if he has the same problem, or worse ones? Or if there's something else entirely that you two aren't expecting?

I'm pretty sure you're overthinking it, dad. I talk to Carl 24/7, basically every moment either of us are awake we're talking.

He knows me better than anyone. Seeing him in person isn't gonna be meeting a complete stranger.

I never said he was a stranger. Sly, I grew up with the internet too, I know you know each other. I'm just-

I don't want you to be caught off guard by something neither of you were expecting. I don't want you to be scared.

...I really don't think there's anything I won't be expecting. Sure, it'll be different, but it's still him.

I know it is. I'm sorry, I'm not trying to scare you, I just want you to be ok. I know you'll be happy together.

Just keep in mind... you might still be surprised. Good or bad.

.....h-how am I supposed to hug you....???

...O-OH! UM!

How about I pick you up like this!!!

S-so... Carl, you're an artist like Sly?

Oh, yep! We met on Bwitter when I made gift art for him.

T-that's fun! It's cool you have that in common.

Sly's kind of the artist of our family.

Dad.....

What? Your other siblings don't draw as much as you.

Hey, your house looks like a dragon house! How do you afford it?

Well, I have three spouses and we all have separate incomes, not to mention this house actually wasn't very expensive in the first place.

We got kind of a steal when we bought it six years ago.

Didn't you guys say you thought the old owners were desperate to sell 'cuz something bad happened in it?

Should you really be bringing that up on your boyfriend's first night sleeping here?

....o-oh....uh... that's true....

D-don't hit your head!!!

No worries, I'm used to this!

Pretty much everywhere
I go I have to duck in doorways,
it happens every time.

Oh, hey!

It's nice to meet you, Carl! I'm Eve! I've heard great things about you!

It's nice to meet you too, Eve!..... .....I've heard about you!

giggle I'm sure Sly says my name a lot!

.....a fair amount.

Well... thanks for being such a good boyfriend to my brother, Carl. He deserves someone who'll make him feel loved.

....E-Eve... do... do you really mean that?

Hey bro, messing with you doesn't mean I legit want you to be unhappy or anything. I'm happy you have Carl.

I'm not gonna mock you in front of him.

You guys have fun! I'll stay out of your way.

(...do you think she's being genuine or trying to gaslight me?)

(I mean, she didn't say she never messes with you. She outright said she wouldn't with me here.)

(...that's true... I guess I can't help but be suspicious.)

(Maybe she really does mean it...)

So... Where should I put my suitcase? In your room, Sly?

I-I... don't think you'd fit in my bed.

Oh...

W-we have two guest rooms, one upstairs and downstairs. The downstairs one has a bigger bed, you'd probably be more comfortable there.

Y-yeah, I can text you from my room!

Oh.... You're not gonna sleep with me?

U-uh-

N-NO, he isn't.

You wouldn't fit.

This is basically the "town" section of East Eroid, while not everything is here, most major businesses and such are walkable in this area.

T-this is also where the fair is... *huff*... g-gonna take... *huff*... place...

You okay, Sly?

huff... Y-yeah... I-I just... I don't walk very much...

M-my legs kinda hurt...

Better?

We used to go to this park a lot when I was a kid. We still go sometimes.

REMEM

I got shoved into that bush by Eve once. I was covered in splinters for days.

Yeah, I remember you telling me about it.

You do?

Yeah, I mean we talk everyday. I pay attention to the stuff you tell me.

....I guess I just assumed because so much crazy stuff happens to me daily it just becomes a blur to you.

That doesn't mean I'm not listening and wouldn't remember.

COLORA PRIMARY SCHOOL

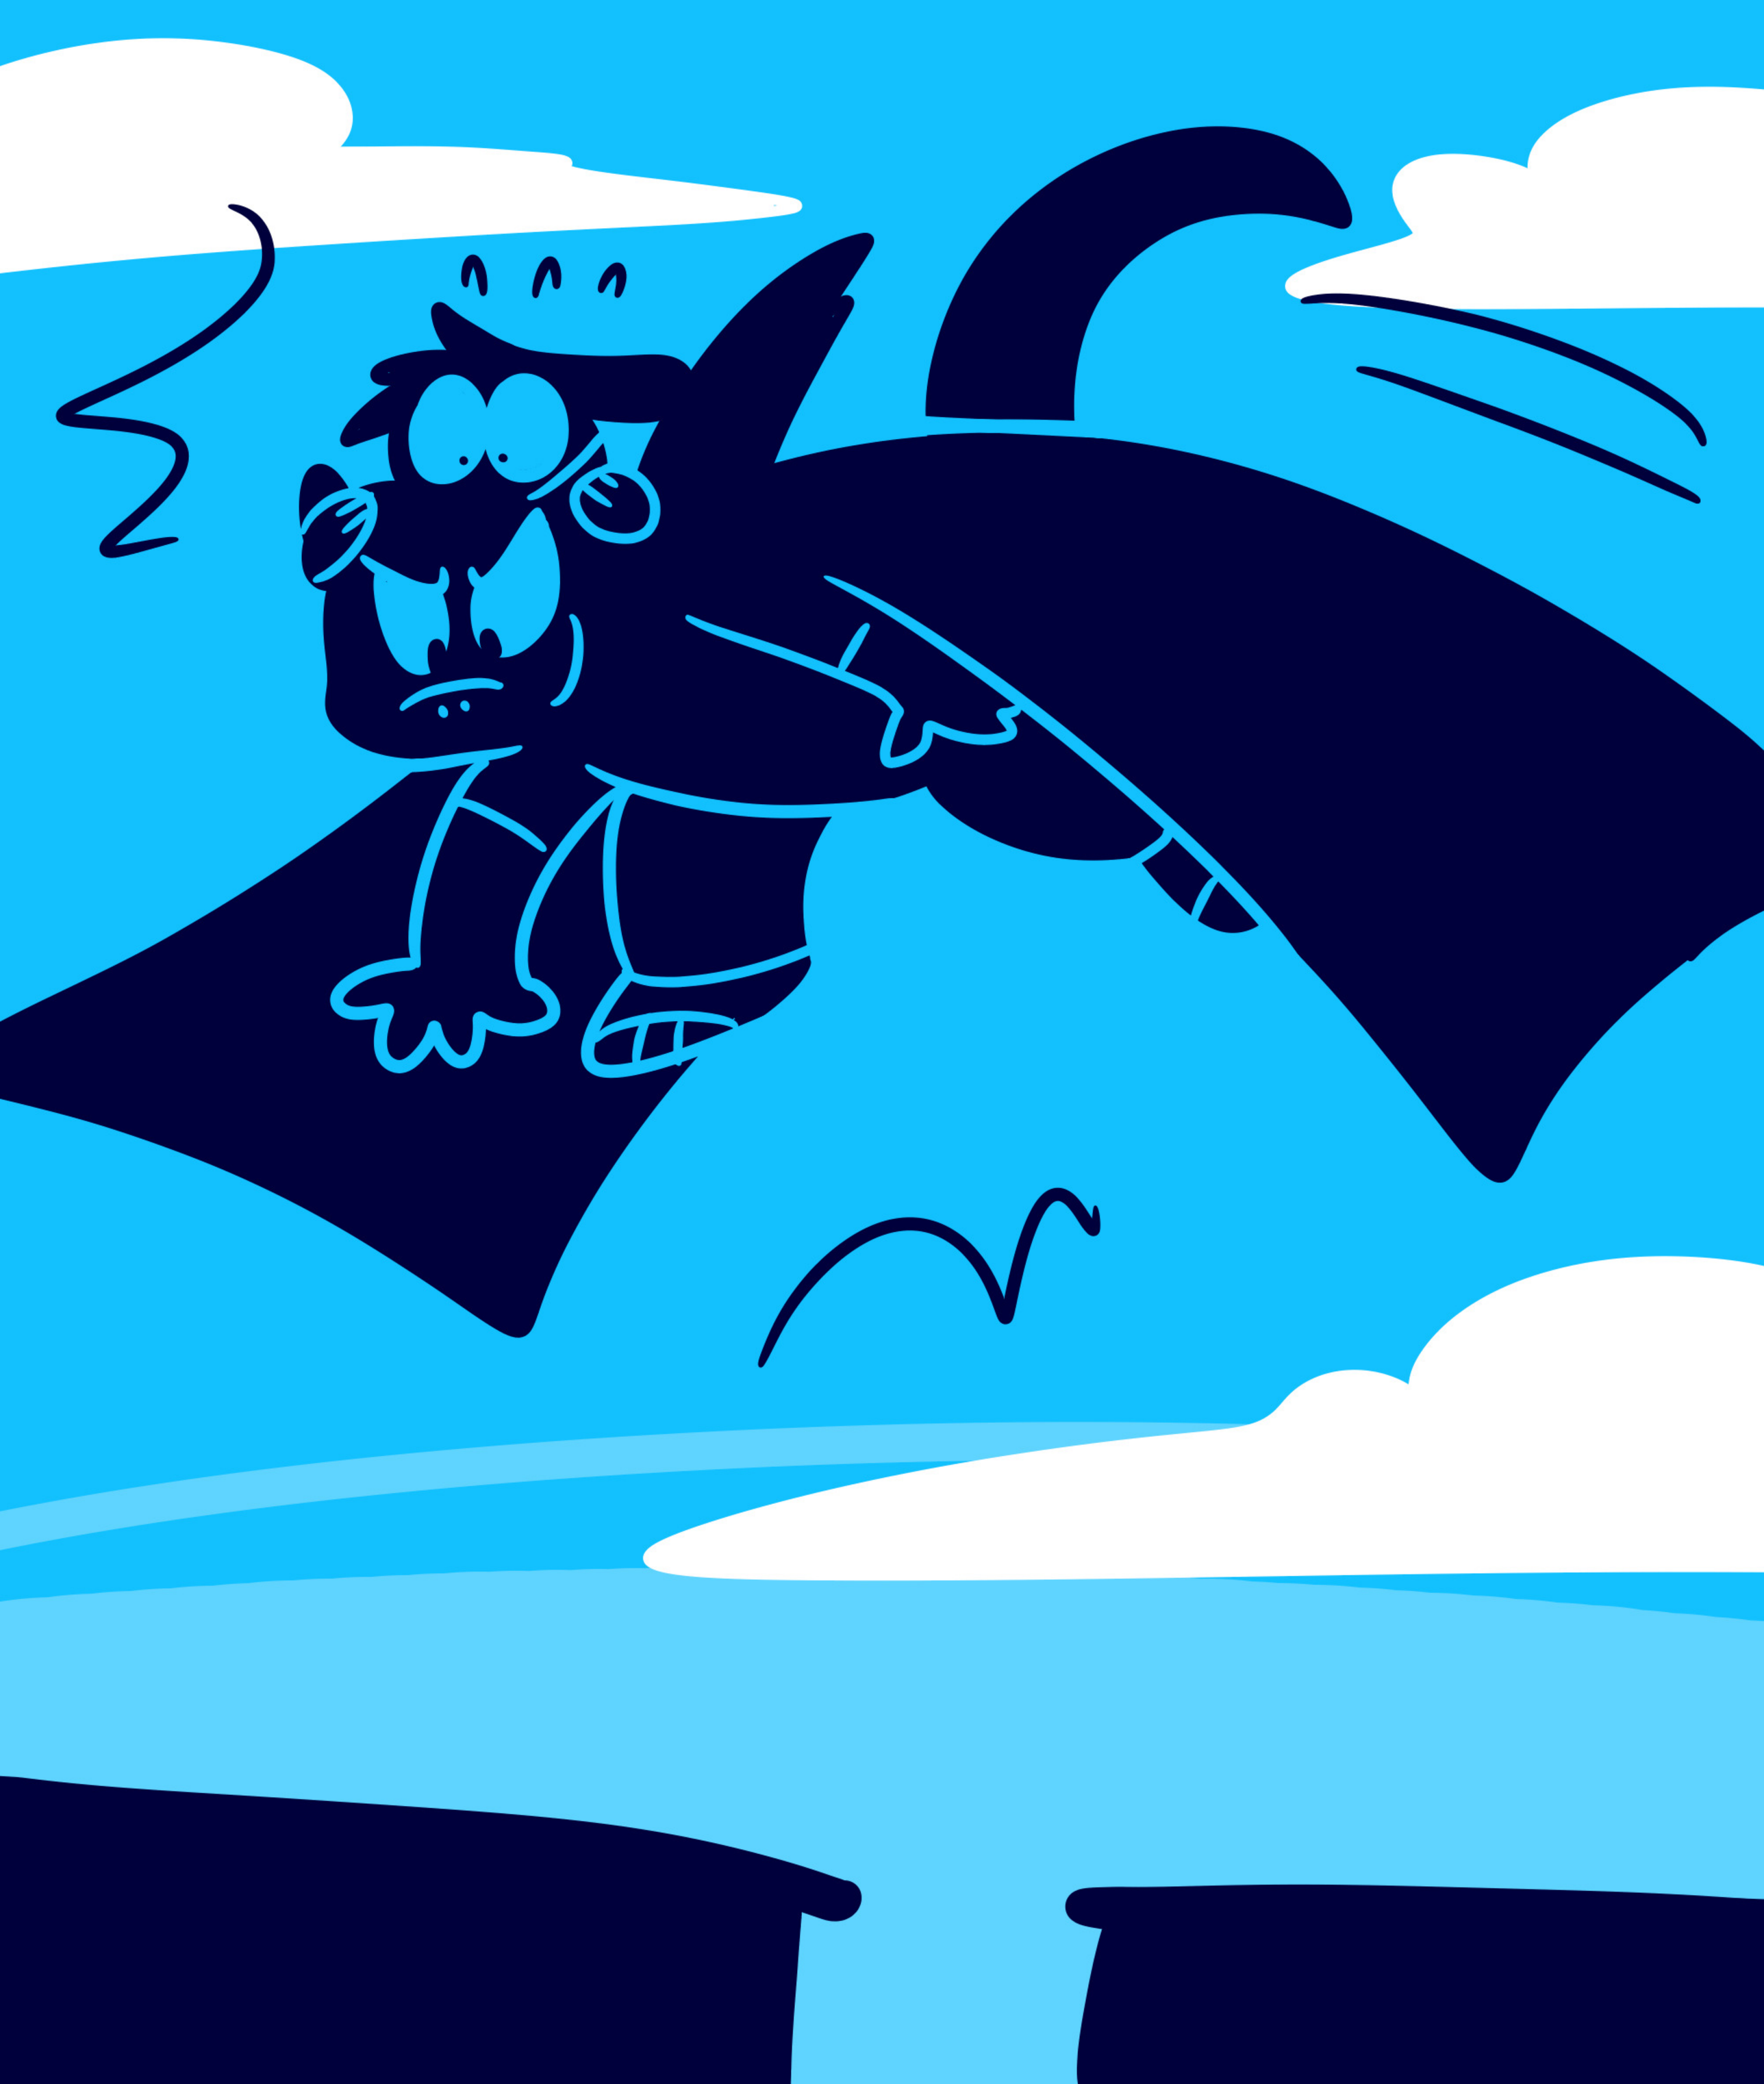
HAPPY SUMMER!

This is where I went to elementary school. It's apparently one of the oldest still-standing establishments in East Eroid, which is kinda wild.

I wish we could get inside... I would love to show you a place in it that's important to me.

...we might be able to get inside.

Huh? How?



You okay? Maybe I should have warned you first.

Yyyeah, I-I'm fine.....

...well... here's the place.

When Eve, Ally, Howie and I were kids we used to sit at this tree everyday.

I spent so many hours here, at lunch and recess and after school.

We would draw and listen to music and just talk about stuff, do homework, hang out.

There actually was a time I wasn't always fighting with my sisters. We used to be close.

...i-it's kinda my fault stuff got like this. I probably could have prevented it.

I don't think it's your fault, Sly. You didn't ask for it to happen.

I'm the one who self-sabotaged my relationships with both Eve and Ally because I couldn't cope with it.

Ally didn't mean to hurt me. Eve didn't even do anything wrong in the first place.

I-I know we were just kids... but it's been six years and nothing is better.

And it's because I'm not letting things get better. I could apologize to Eve so easily. A-and yet I don't because I'm a coward.

I-I'm the only one who has the power to make things better...

...a-and I'm not doing it. A-all of this pain I'm in is from my own actions. I-I don't know how to forgive myself...

When Eve messes with me or teases me... it doesn't actually make me all that mad. I kinda play up my reactions because it makes squeak laugh.

It's the only way we can like... connect with each other still while not being vulnerable to each other.

She's not actually trying to hurt or upset me, and it doesn't hurt or upset me.

If there's any way I can still make her happy I want to do that.

...if anything about Eve's treatment hurts...

...i-it's knowing that she's too scared to be nice to me because she couldn't take it if I reacted badly to it.

I don't think it's impossible for things to get better, Sly. It might take time, but there's always the future.

Don't ever give up
hope. I'll be here for you
all the way there, okay?

Hey guys!!! I'm doing AWESOME!!!

Tomorrow is the start of the Solar Fair!!! The Solar Fair is an alien-themed fun fair that's organized by the city officials based around the East Eroid incident!

People from all over Spinch come every year to see the Solar Fair! We've been going to it as long as I can remember!

I mean, when something as major as the East Eroid incident happens in your city, of course people are gonna try to capitalize off of it.

The places where the most famous sightings of cryptids like Bigpaw or Mothanthry happened do similar things.

I mean... I guess I understand. People wanna make money in any way they can. It's just how society works, sadly...

cupidloathingcorner asked:

is your mom coming?

Ah... no, um... she never comes with us.

Fear of aliens and everything...

foolishly-snowy asked:

Uni must HATE solar fair time of year... All the alien aes-thetic around n such

...y-yeah... the fair terrifies her. She doesn't like leaving the house when it's in town...

loverdude asked:

If I may ask, if your mom is so terrified of aliens, then why does your family live in East Eroid?

My dad was offered a job in this city, and it was more convenient to live close to it.

It's important to my mom because she knows his work is important to him.

financialzero5 asked:

Anyone else in your family going?

Yeah, everybody's going except my mom and Doom. Apparently skull also deals with nightmares, so he's good at helping her cope.

thatawkwardbryce asked:

Oh, you mean Sly's boyfriend who's visiting? He's... nice...

Oh, hello! Uh... I'm alright, I think.

eeveeskittles asked:

Hi Flick! Don't like pup staying up past his bedtime?

...o-oh, no, it's not that, pup doesn't have a bedtime.

It's more about the Solar Fair being tomorrow, and he should be rested for it.

rye-in-a-coat asked:

Nice shirt Flick, I like it ! Are those bones on the sleeves?

!!! O-oh! Those...!! U-uh...

T-that's... um... the logo for the ferry shelter that me and my partner work at! We're both ferry caretakers.

We take Howie with us to the shelter all the time so he can see the cogs!!...

exomexoo asked:

heya flick, does howie help you around with the ferries?

He does! When we're at the shelter he likes helping us feed or bathe the ferries we have, obviously especially the cogs.

He wants to be a vet because he sees the state some of our ferries arrive in and wants to help them.

harold20 asked:

Hey flick! What do you think of Ally?

Oh, Ally? She's very nice. I think kit is really good for Howie, and vice versa. They get along really well- I don't think I've ever seen them argue over ANYTHING...

....w-which... is sweet, but also a little worrying, because I'm not sure how they would deal with problems if or when they eventually have them...

knowyouronion asked:

so what do you think he was actually doing

I'm..... not..... entirely sure, but I-I have a feeling it's none of my business.

(I mean... it worries me a little... I feel like things may become... ...complicated.)

mcd-big-mac asked:

Hey flick what's with the bow tie you gave howie?

When we adopted Howie, it was during Kissmastime. We wanted to give pup something that would always make him feel safe. It's sort of enchanted with luck magic, so it protects him from harm.

cupidloathingcorner asked:

why did you sound nervous when explaining that? its just a job right?

N-nervous?

W-what's there to be nervous about? I-I love my job....

emsody asked:

hi frick! what happened to howies parents

You're an internet stranger, you aren't obligated to information about my son's life like that.

Hey Pluck! Whatcha watchin?

This is one of those cheesy romance movies about a relationship between a girl who's had an obsession with vampires since she was a kid, and she meets and falls in love with a guy who turns out to be one.

I mean, I get what they're going for, but again, it's pretty cheesy. They could have added more depth to it, like maybe making some of the side characters also turn out to be vampires.

thatawkwardbryce asked:

Heya Pluck! Nice ears you have!

How has it been having Howie?

Oh, pup is absolutely the sweetest ever. Having him around has been nothing but wonderful.

We always want him to feel at home here with us.

radioxiin asked:

You a wildlife fan? Alright what's your favorite Ferry?

I mostly work with local ferries that we rescue, and sometimes that includes chipmonkeys! Chipmonkeys are very cute little creatures that get attached to anthries easily.

harold20 asked:

Hey Pluck, if you dont mind this question, do you know anything about Howie's biological parents?

I'm here to speak to your daughter Ally Cornelius about some social media posts she made. May I come in?

A DOG IN BLACK?!?
THIS CAN´T BE REAL!!!

Ms. Cornelius, some time ago you made a few posts detailing an encounter with an unidentified flying object. Is that correct?

...y-yes, that's correct. I did.

On behalf of the CLCIB, I ask that you delete the posts you made. Spreading nonsense about UFOs will cause needless panic.

If they are not deleted, action will be taken.

O-okay... I'll delete them... hold on...

...there, deleted. B-but-- mister, are you trying to cover up something?

People who spread stories about UFO sightings often have bad things happen to them. If anything, this is to protect you.

THIS IS SO COOL!!!!!!

Thank you again, and sorry for the disturbance. Have a good evening.

DOOR CLOSE!

Hello? Cornelius? I handled it. She was compliant.

...yes, it was Ally, like you thought. I figured you knew the address anyways.

Well, I don't memorize addresses, how was I supposed to know?!

Point is, it's dealt with. I'll keep an eye on her though.

You okay?

...yeah, I'm okay.
Ally, I don't want you to worry about me too much, okay? I'll be fine.
Just...

I-I don't WANT to.....
I hate these stupid family outings. I love my family, don't get me wrong, but they EXHAUST me....

cupidloathingcorner asked:

do you think your insomnia stems from having the un-common cold gene factor despite you not having it?

I... I don't think it's that. Again, I'm pretty sure the cause is stress.

I mean, I feel stressed literally constantly. I can never relax...

Who's Cory? Are they not going either??

ladyinsertnamehere asked:

Who’s Cory tell us about Cory

peachy-pups asked:

If you're ok with all of us asking, who's Cory? Are they a friend/partner of yours?

black-arms-hivemind asked:

Oh? Who's Cory? :O

Cory is my boyfriend!!
I met him in high school!!!
He's really important to me...

Whenever I feel overwhelmed he lets me come over to his place and just sleep...

He doesn't see it as intruding or anything... he just wants me to get rest so I can feel better.

He's the most supportive person in my life...

I never want to take him for granted.

MARCO

I SWEAR I SAW IT!!! I'M NOT MAKING IT UP!!!

And then a member of the Dogs In Black came to our door!! I know it sounds crazy but it´s true!!!

That´s so COOL!!!

Pics or it didn´t happen.

Even if I had proof you'd say it's fake.

That's fair.

H-hey parent? I'm... not gonna be going to the fair today.

I slept super bad last night, s-so I'm just gonna go see Cory and sleep there... I-I hope that's okay.

I-I mean, you guys don't need me today, right...?

Yeah, that's fine.
Get some rest, ok?

--I get that it's a lot to ask but recently it's been really hard for me to relax at all and I just--

.....wait did you say yes

Yeah, if you're tired you don't have to come. The kids won't be all together, you have no reason to stay and watch them.

I'M FREE!!

thatdraggo asked:

Marco, are you also afraid of aliens like Uni? Or just afraid of all the chaos?

...no, it's definitely the chaos. My family stresses me out, man.

ghostlygunk asked:

...speaking of, I should probably let him know I'm coming over, huh.

I have keys to his house so I don't really have to ask, but I feel like I should at least tell him.

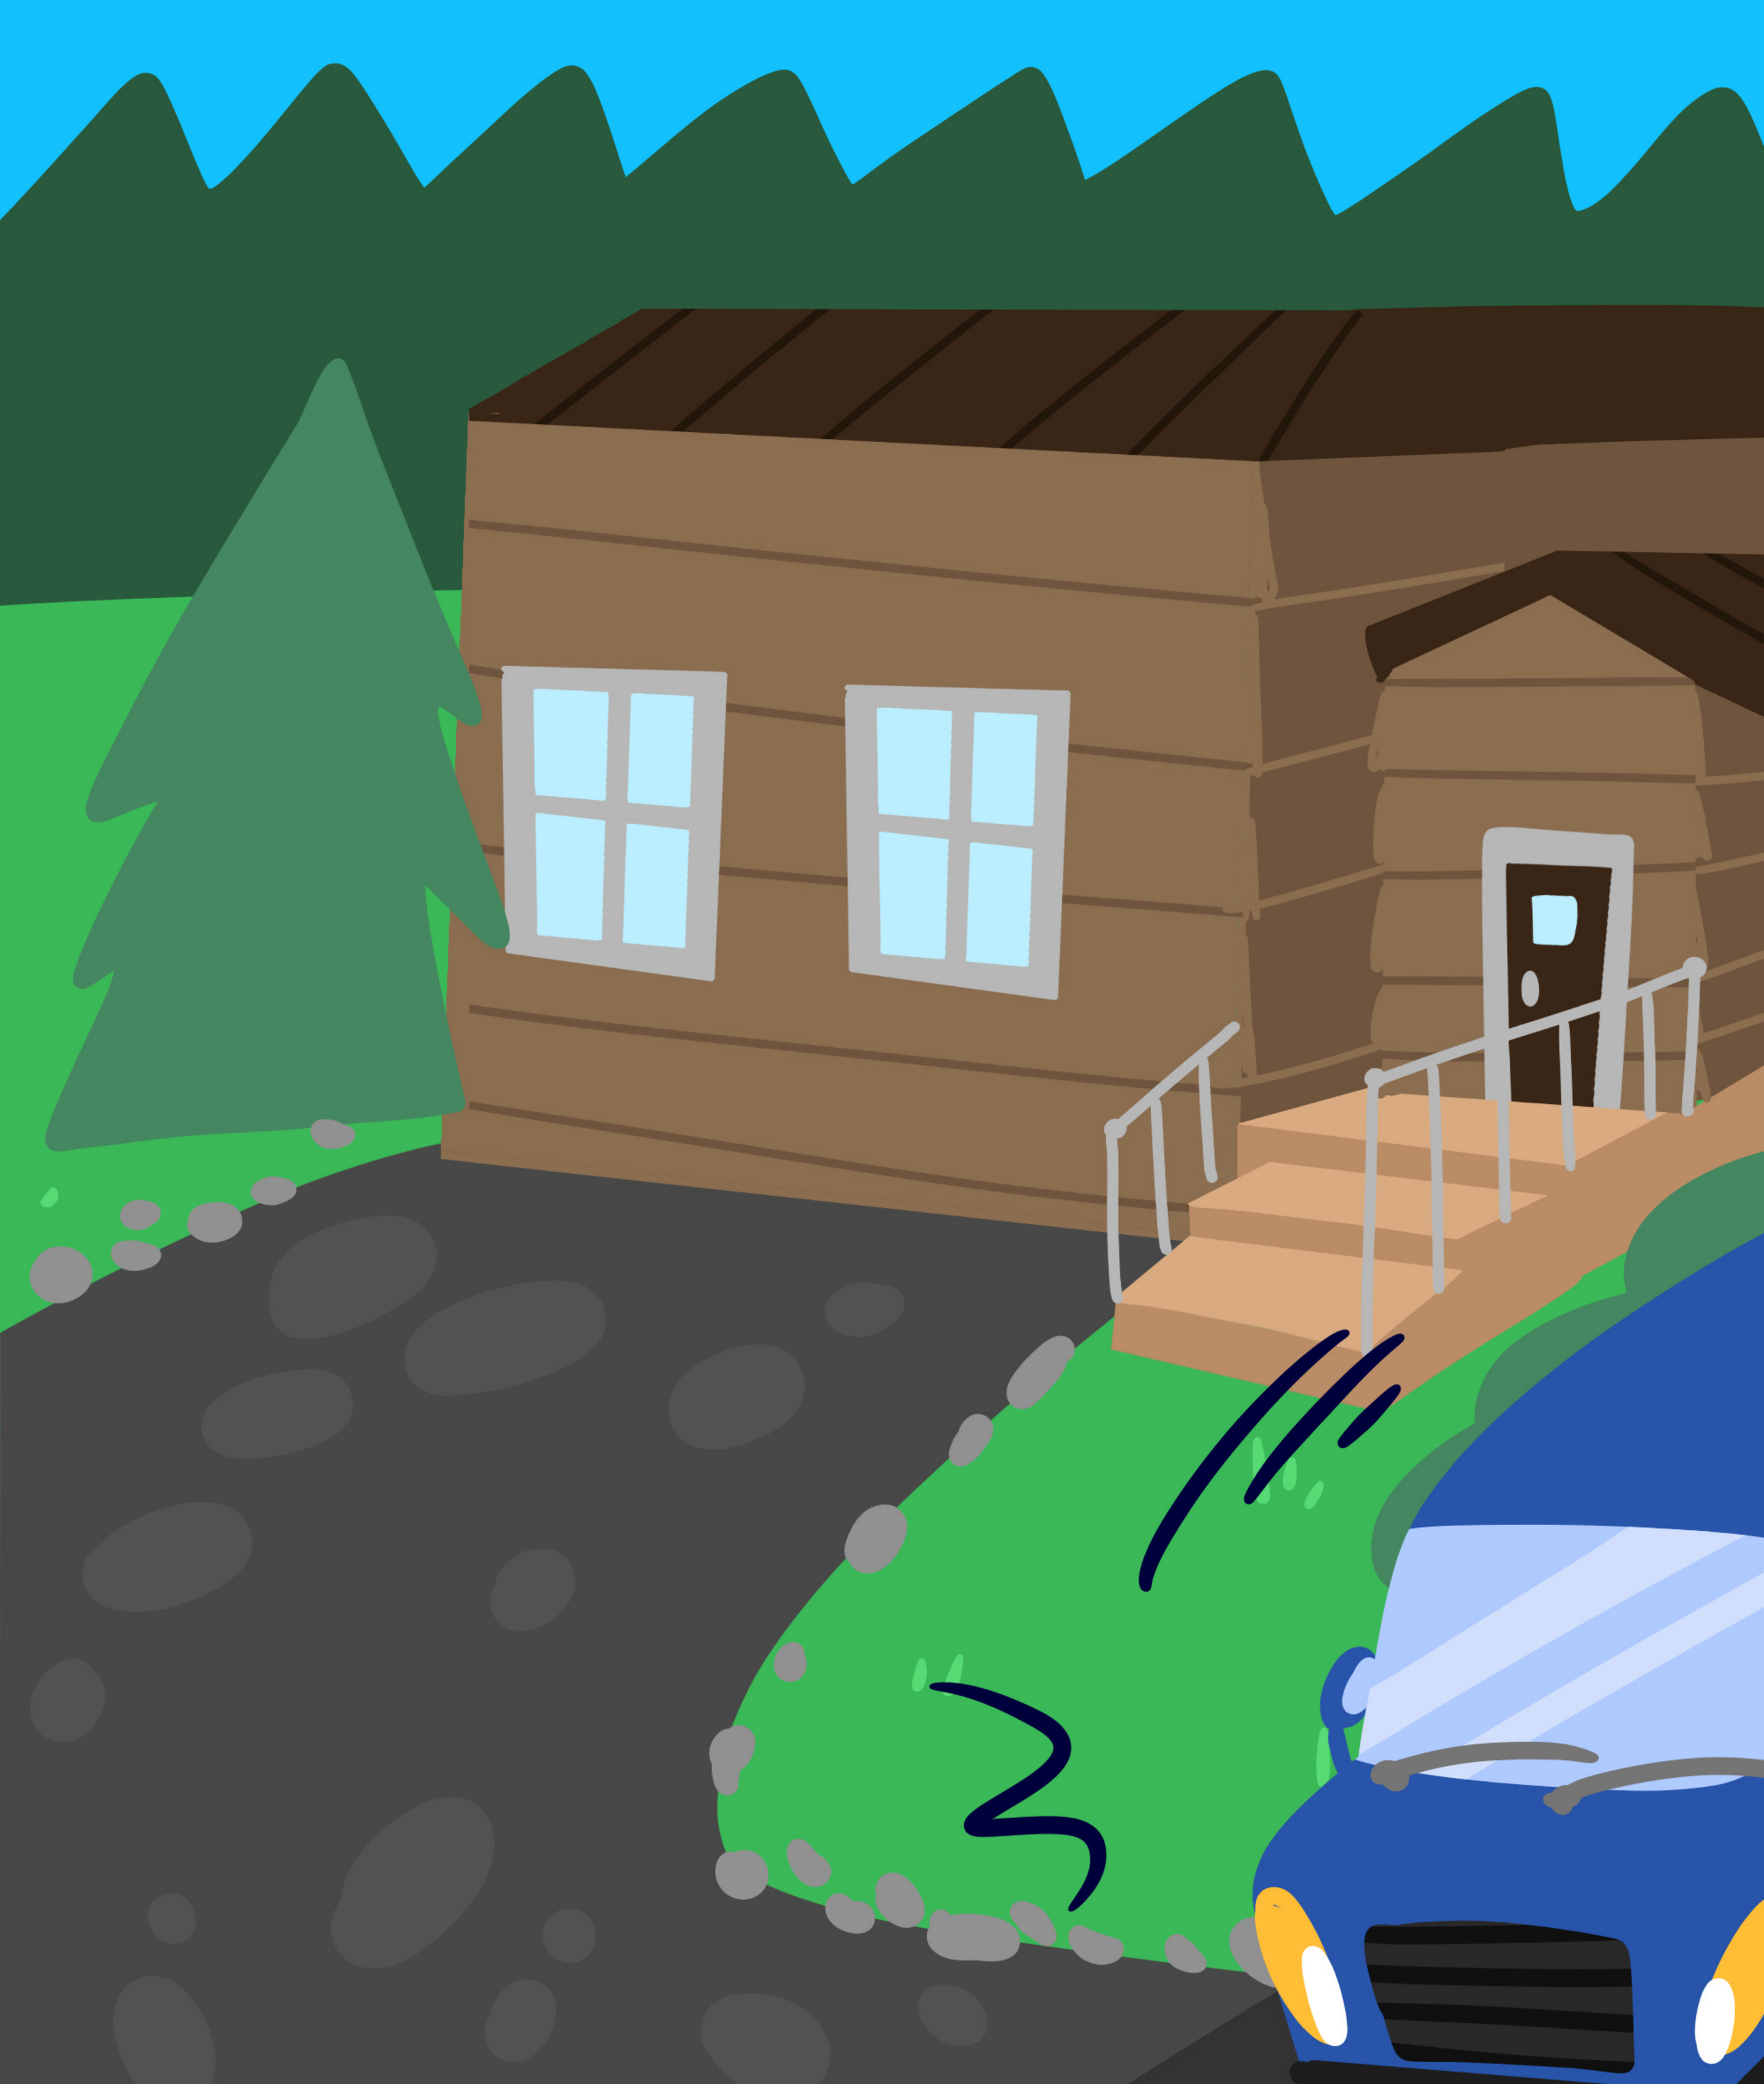
Maybe his phone died, I'm sure everything is alright

It rang though... if it was dead, it wouldn't have rang, it would have immediately gone to voicemail.

cherryblossomventi asked:

The fair is today so he and his family might be busy, or he could've been doing something that meant he couldn't pick up the phone (like cooking)



...neither his or his dad's cars are here...

F-fuck, man, what do I do...? I don't wanna go back home...

radioxiin asked:

I mean you said yourself you don't really have to ask? Maybe just leave a voice mail to let him know you're there?

CORRIOR "CORY" MAVIE

23 - he/him - Graduate

#1 Horror Fan

harold20 asked:

Hey Cory! Nice to see you! What type of horror do you like?

Oh, hello!! Uhm, I kinda like... basically everything you can think of.

From old monster movies to paranormal fiction and slashers and psychological horror. Stuff about animons or zombies or even just comedy horror.

It's been a huge interest of mine since I was in my teens and did a found footage movie for a film class I took, I did a lot of research and I just got super into it.

thexinventor asked:

Nice shirt cory, where'd you get it?

Oh, this old thing?
I got this at a garage sale a few years ago.
I like it because it matches my nose kinda scarily well.

People are always complimenting it. I can see why, it's pretty cool. Despite being so bright the colors haven't faded in the wash.

eeveeskittles asked:

Hiya Cory! What's your fav horror movie?

You guys ever see "Apparition"? Really good classic.

There's lots of good ones, though. It's hard to choose.

Well, I don't wanna keep Marco waiting for too long... I better head over there.

Uuuurrggghhhhh....

I just want to sleep... Why does Tears hate me so....

Shouldn´t being away from the thing that gave me insomnia fix the problem...???

earlandmeyers asked:

Why can’t you sleep Marco???

.....I already told you, most of the time it's stress. My stress levels are through the fucking roof every single day.

But that's not the thing that *caused* my insomnia.

Something else caused it.

emsody asked:

what caused it?

You sure you wanna know? Cuz this is like- once you know, you can't UN-know. This is a dead-and-done deal.

Like. Like. You only find this out once and you never go back. It's changing on a fundamental level. I'm not so sure I wanna burden another living being with the things I know.

I mean. I wouldn't wish this upon my worst enemies. Not even Levi. Nobody deserves to know this. It won't add quality to your life. It won't make you happier.

But if for some reason
you feel like you need to know
this regardless, fine. But do not
claim that I did not give warning,
cautions against it. So. Here it is.

MY ROOM IS UNDERNEATH OUR PARENTS' ROOM.

cupidloathingcorner asked:

do youre parents know about this? or even care?

...n-no, they don't know. They're not the kind of people to not care, i-it's just-

I-I just don't wanna talk about that with them!!! I know they'd stop if I told them b-but I just CAN'T!!!

It's too awkward!!! It's a nightmare!!!

I-it's the kind of information that just dies with you, y-you know? Nobody else needs to know about it.

DOESN'T MEAN I DON'T STILL THINK THEY'RE TOTAL FREAKS.

goodbyetoaworld asked:

i-it... cant be THAT bad, can it?

geencream asked:

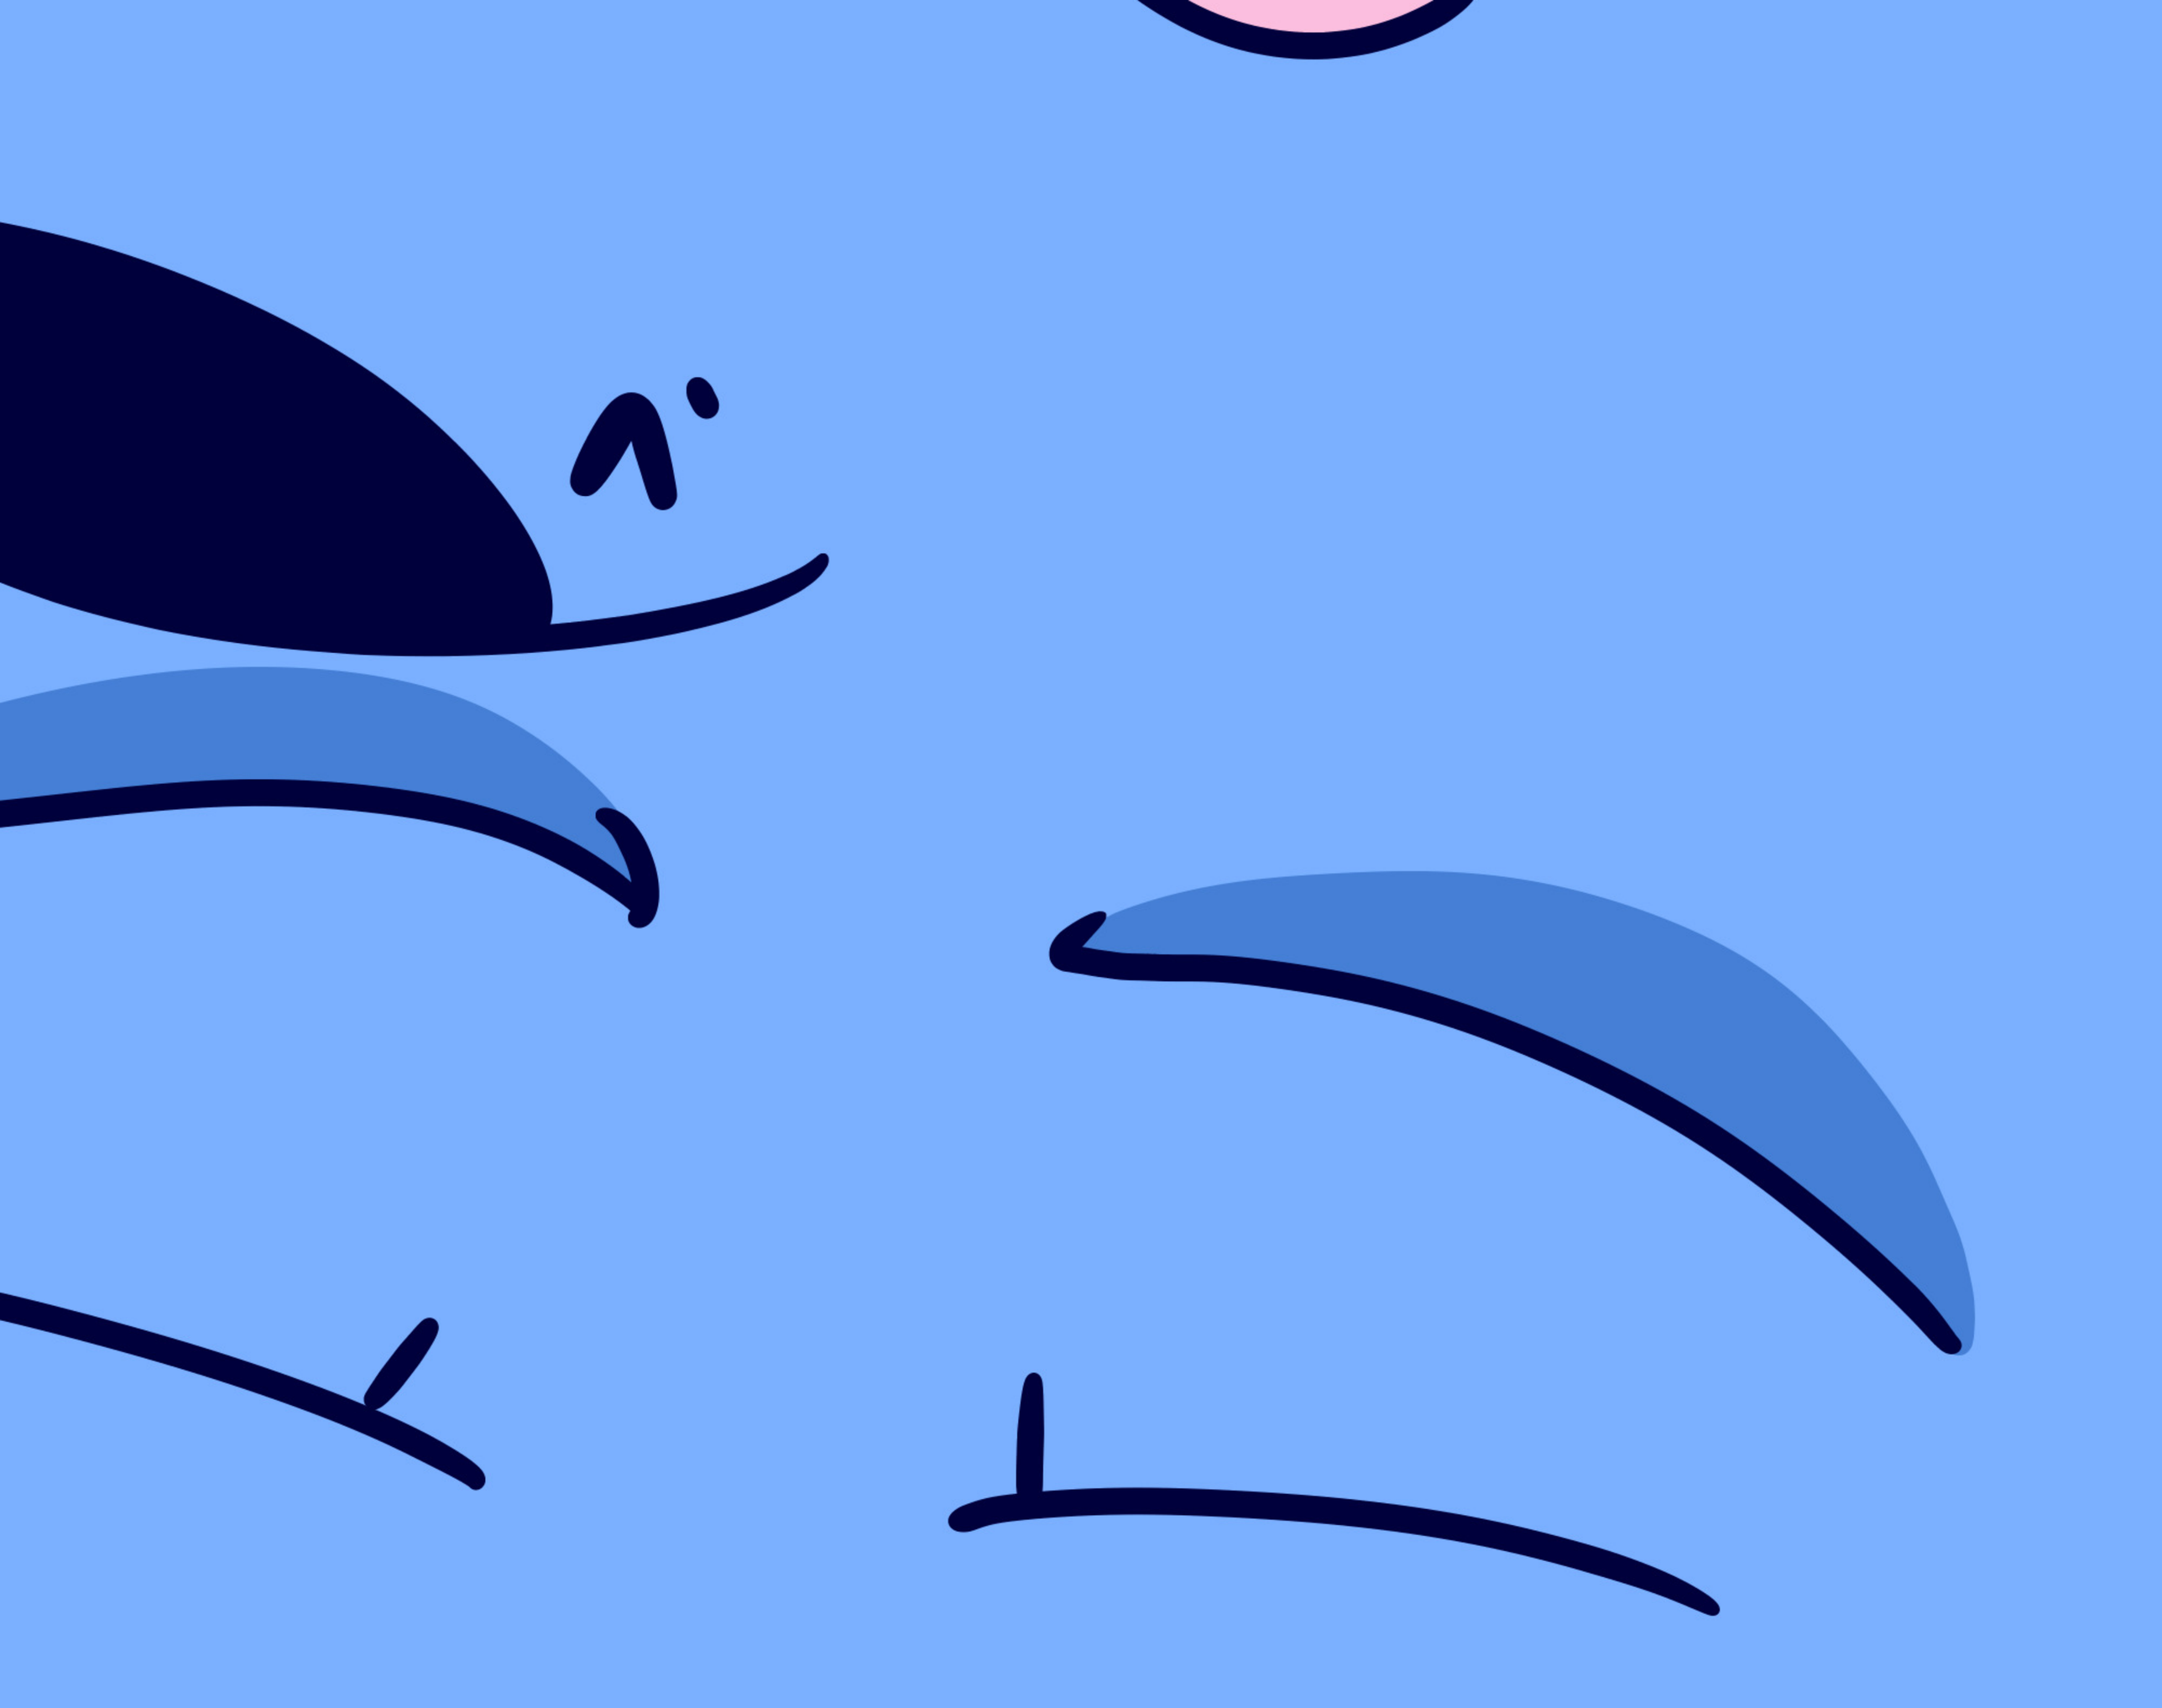
im so fucking sorry

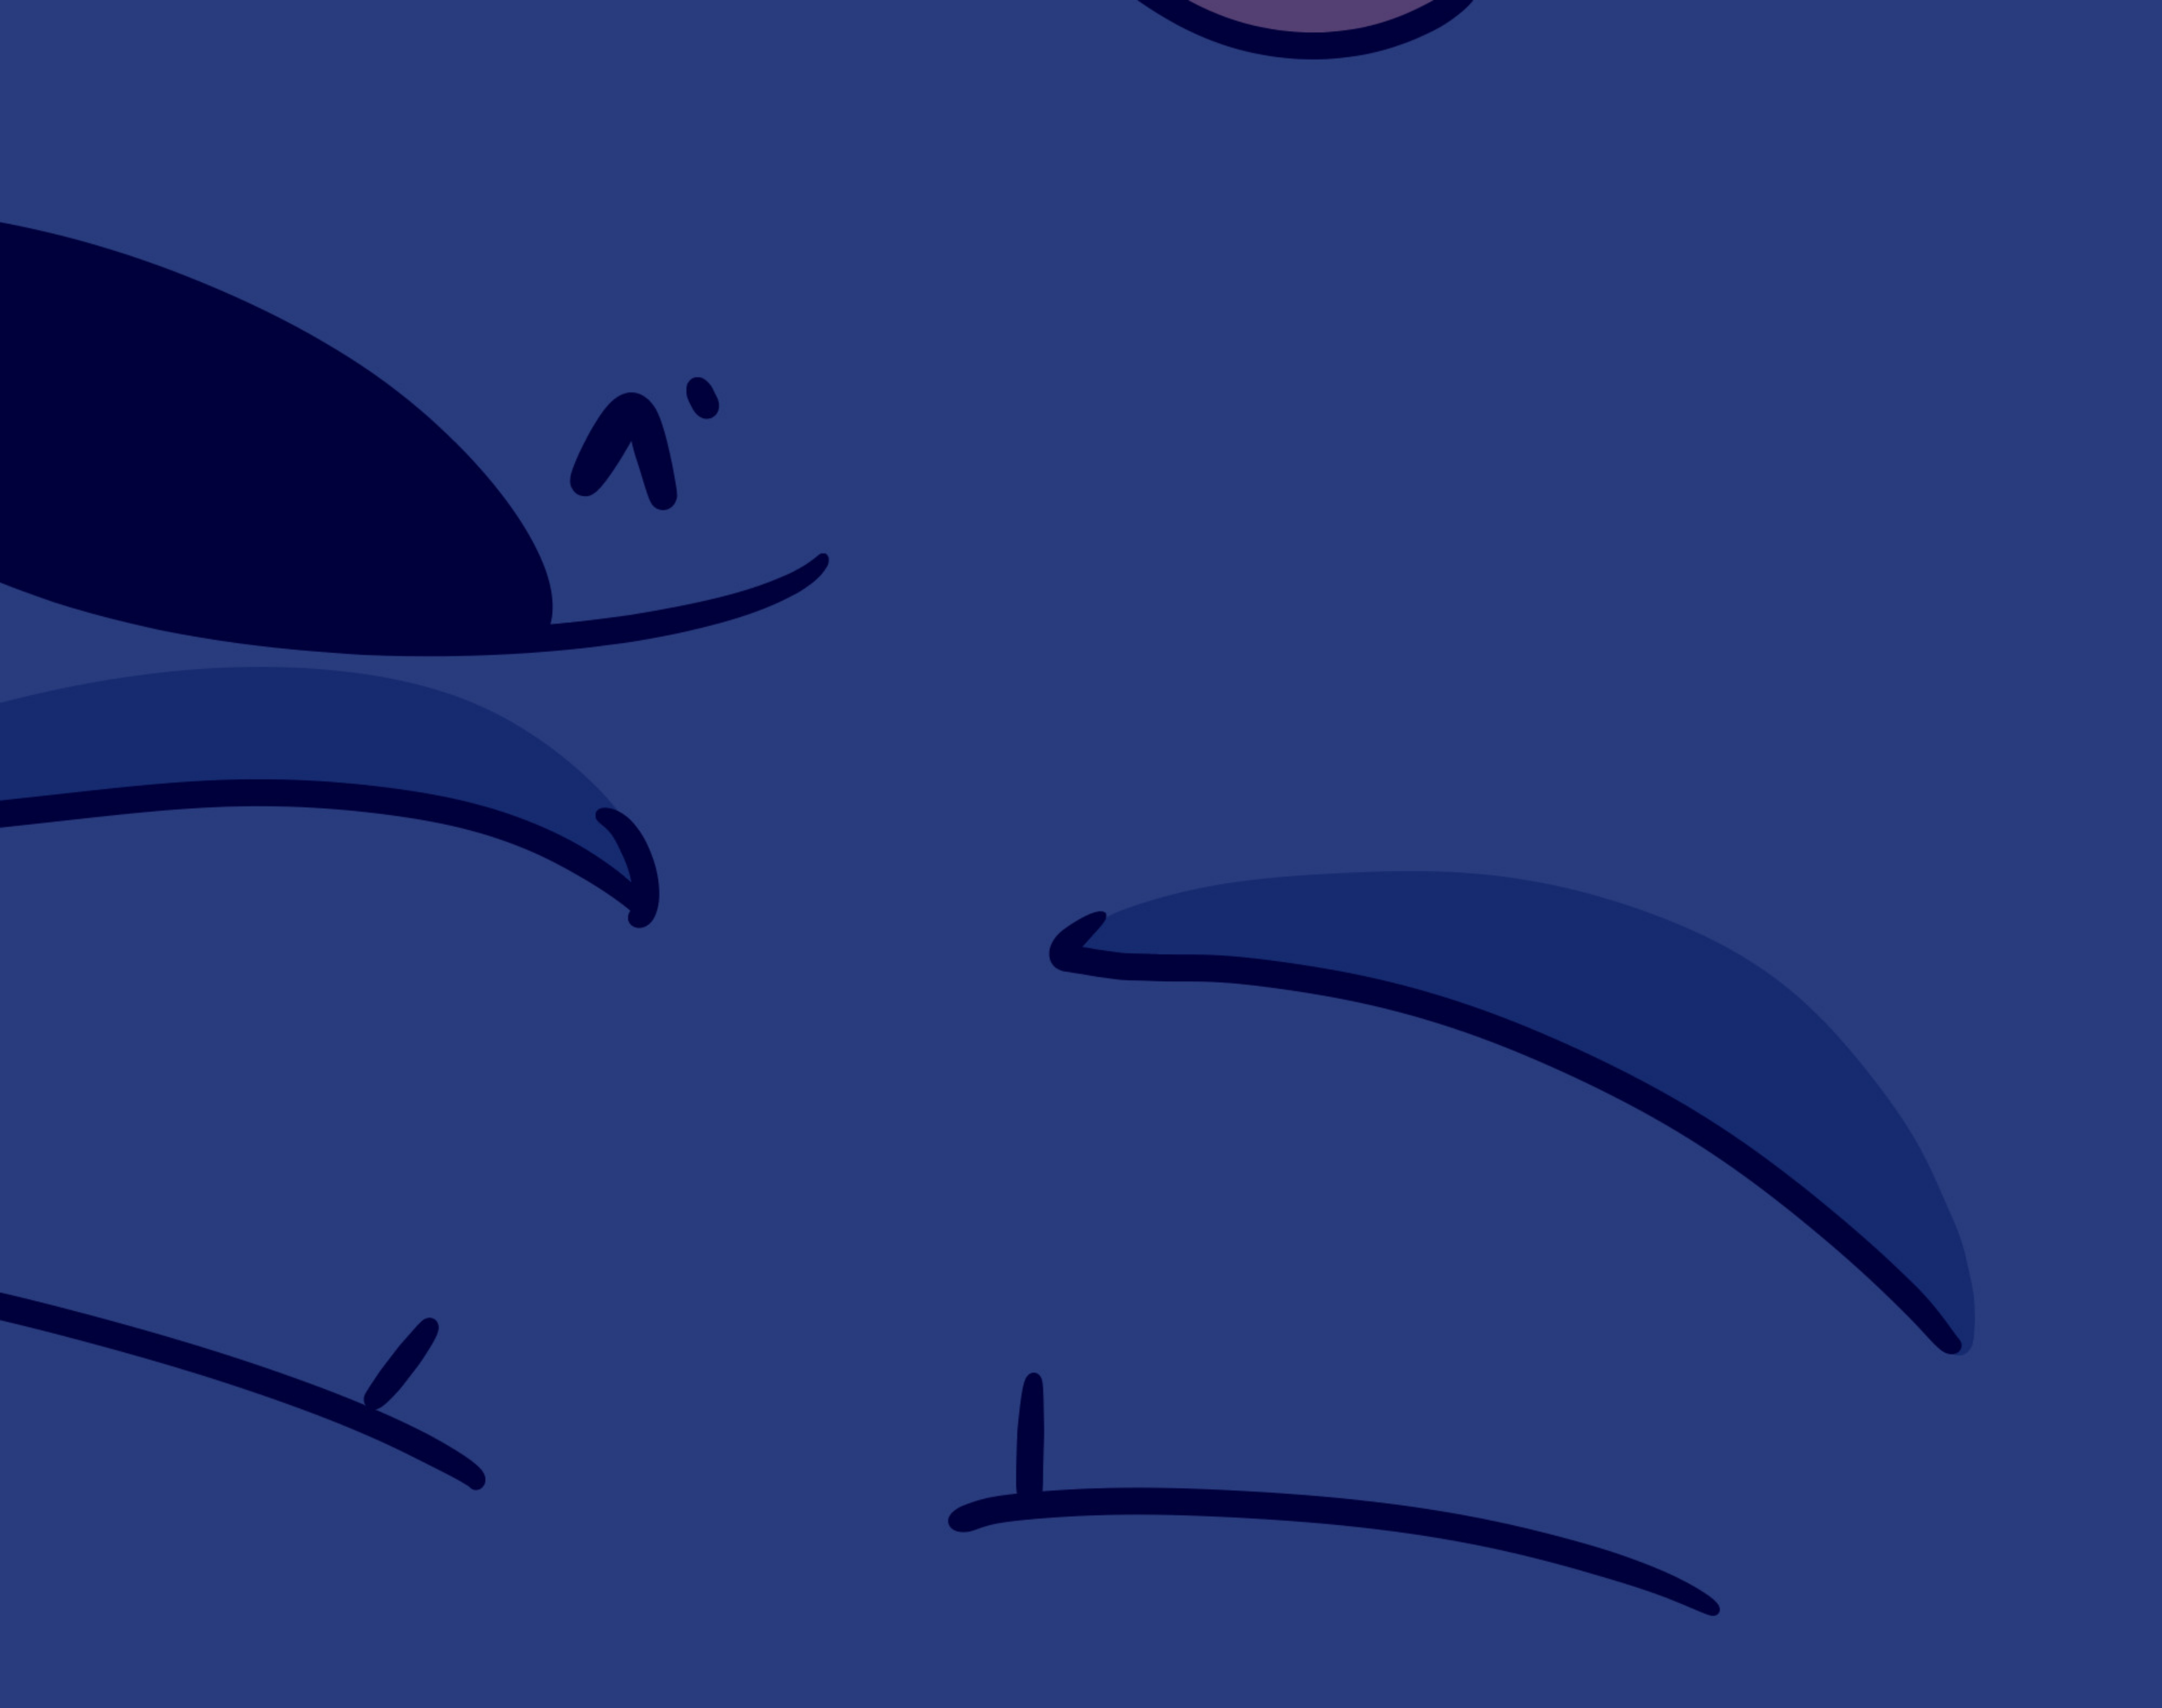
...it's fine. It wasn't even a problem until we moved into this house, so it's not like this has been my entire life.

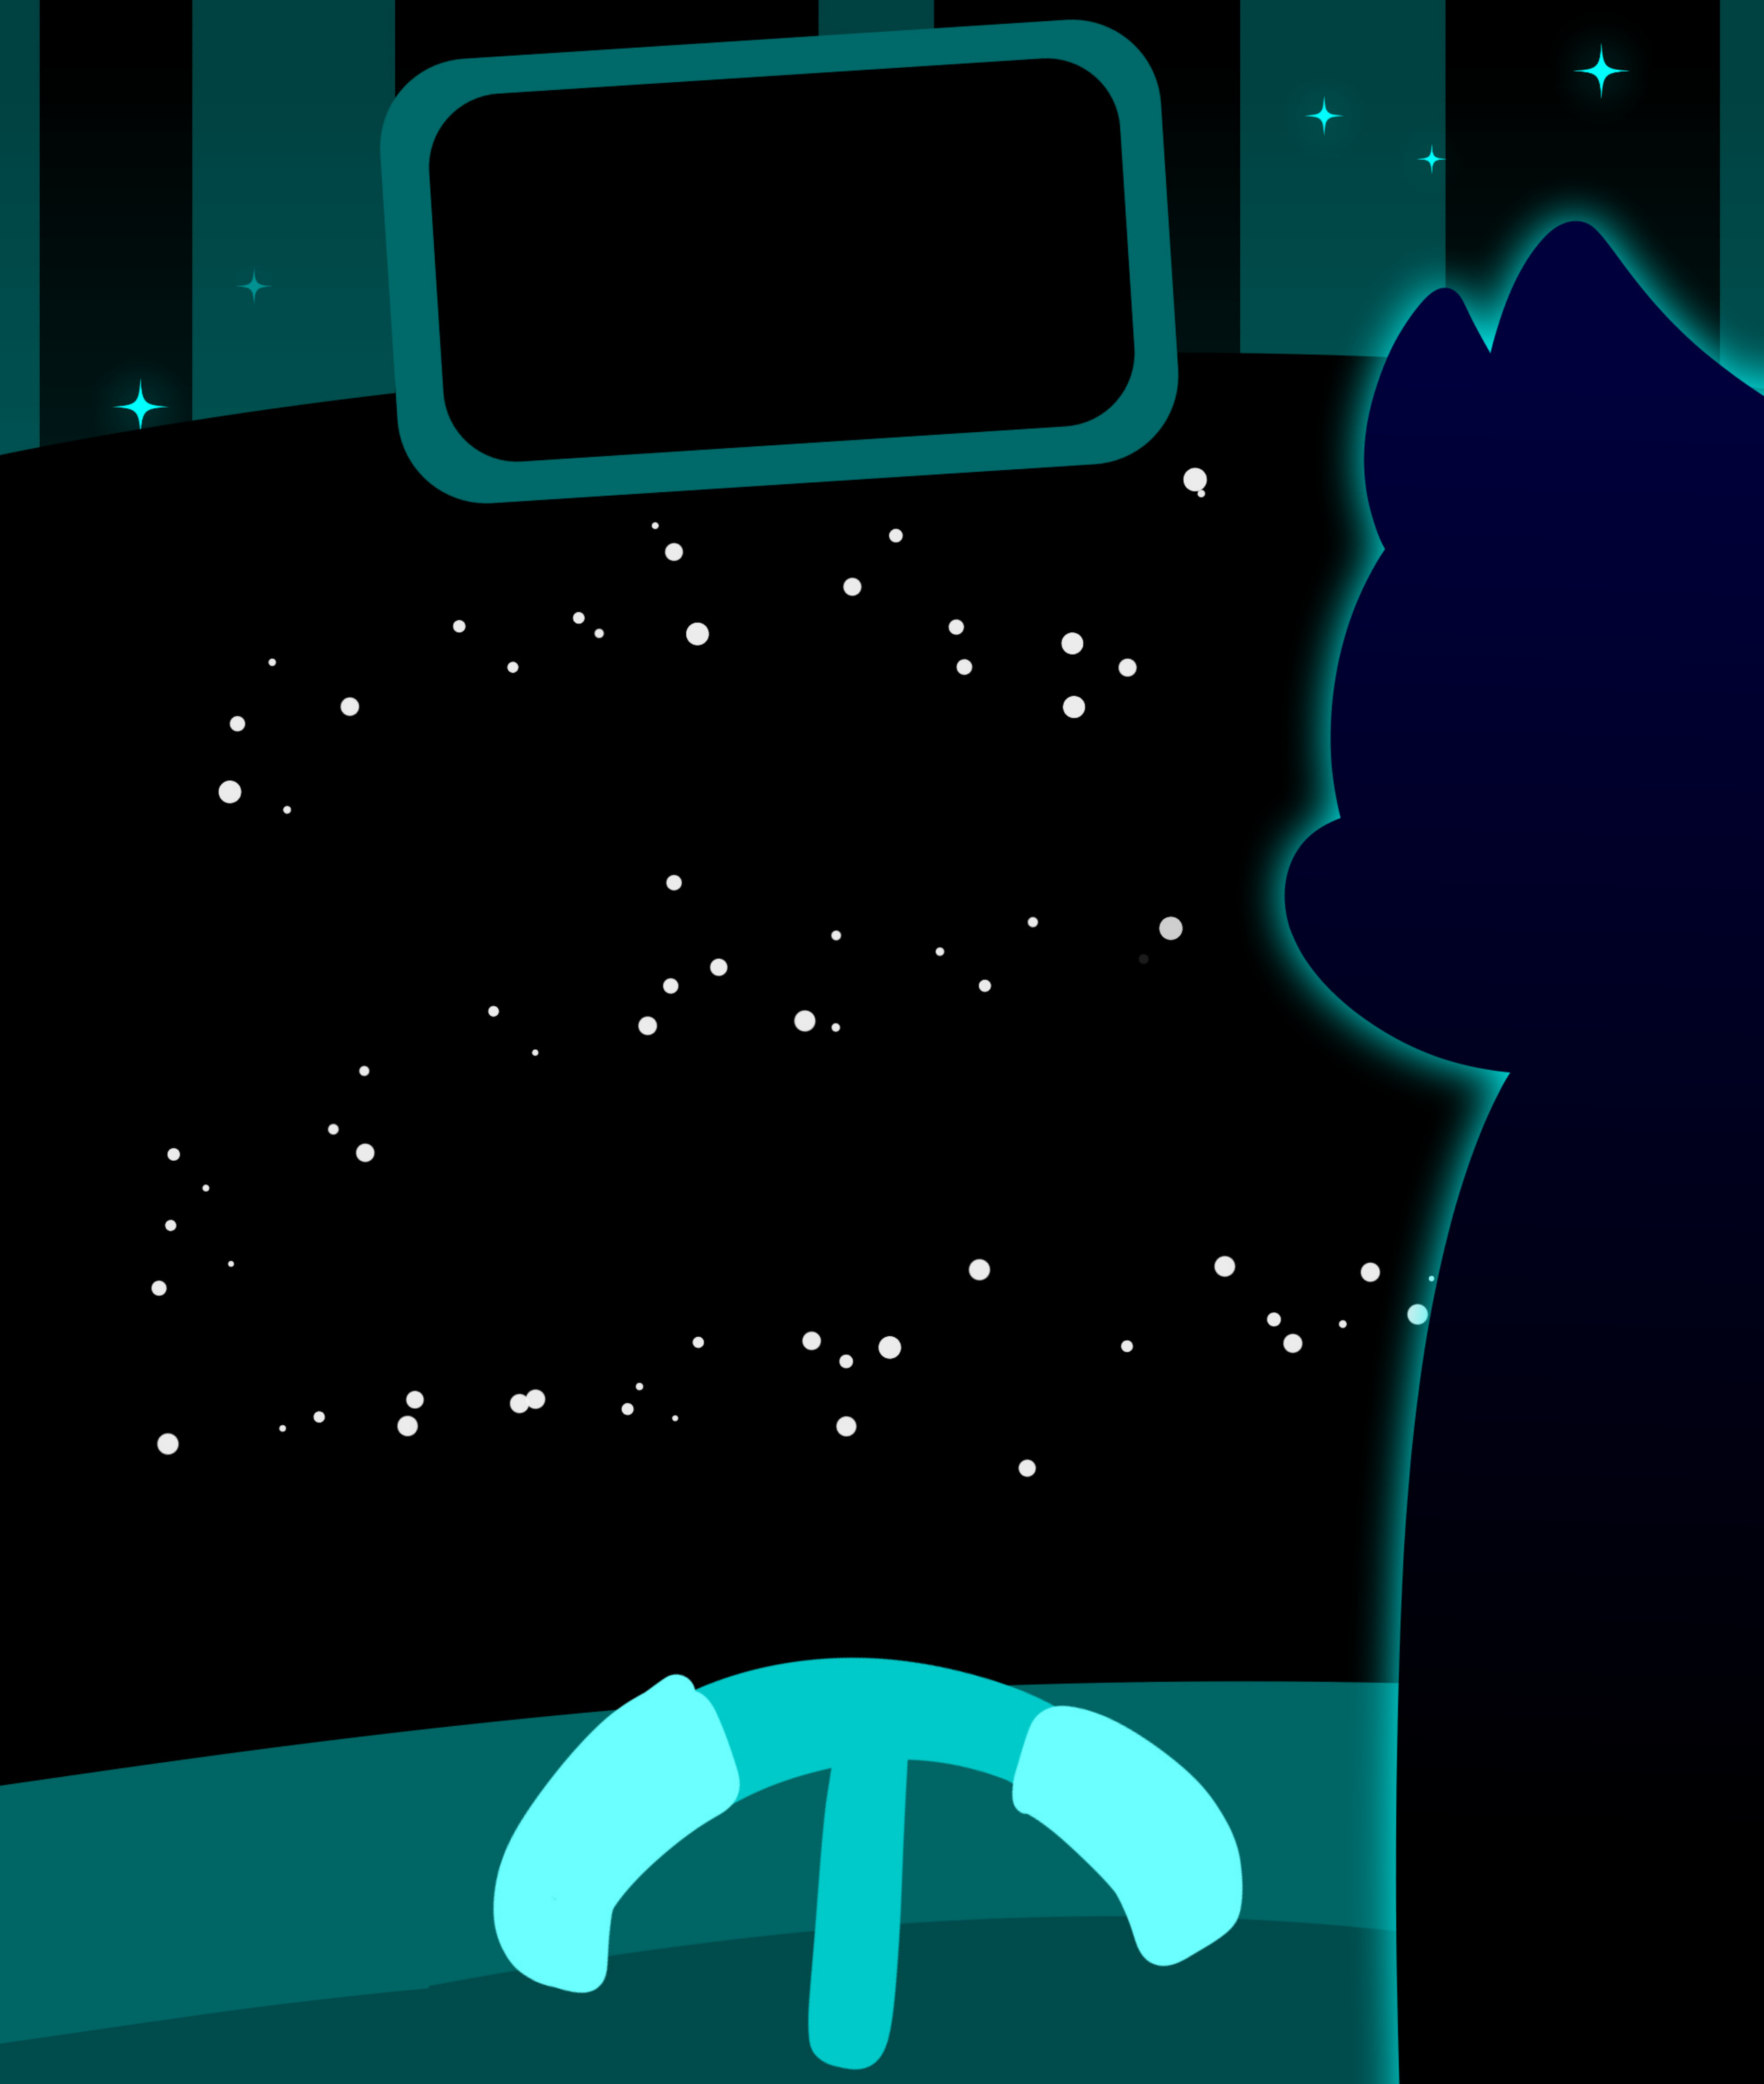
I-I just kinda deal with it.

I-I don't wanna think about this anymore, I just wanna sleep...

J-just... want to...





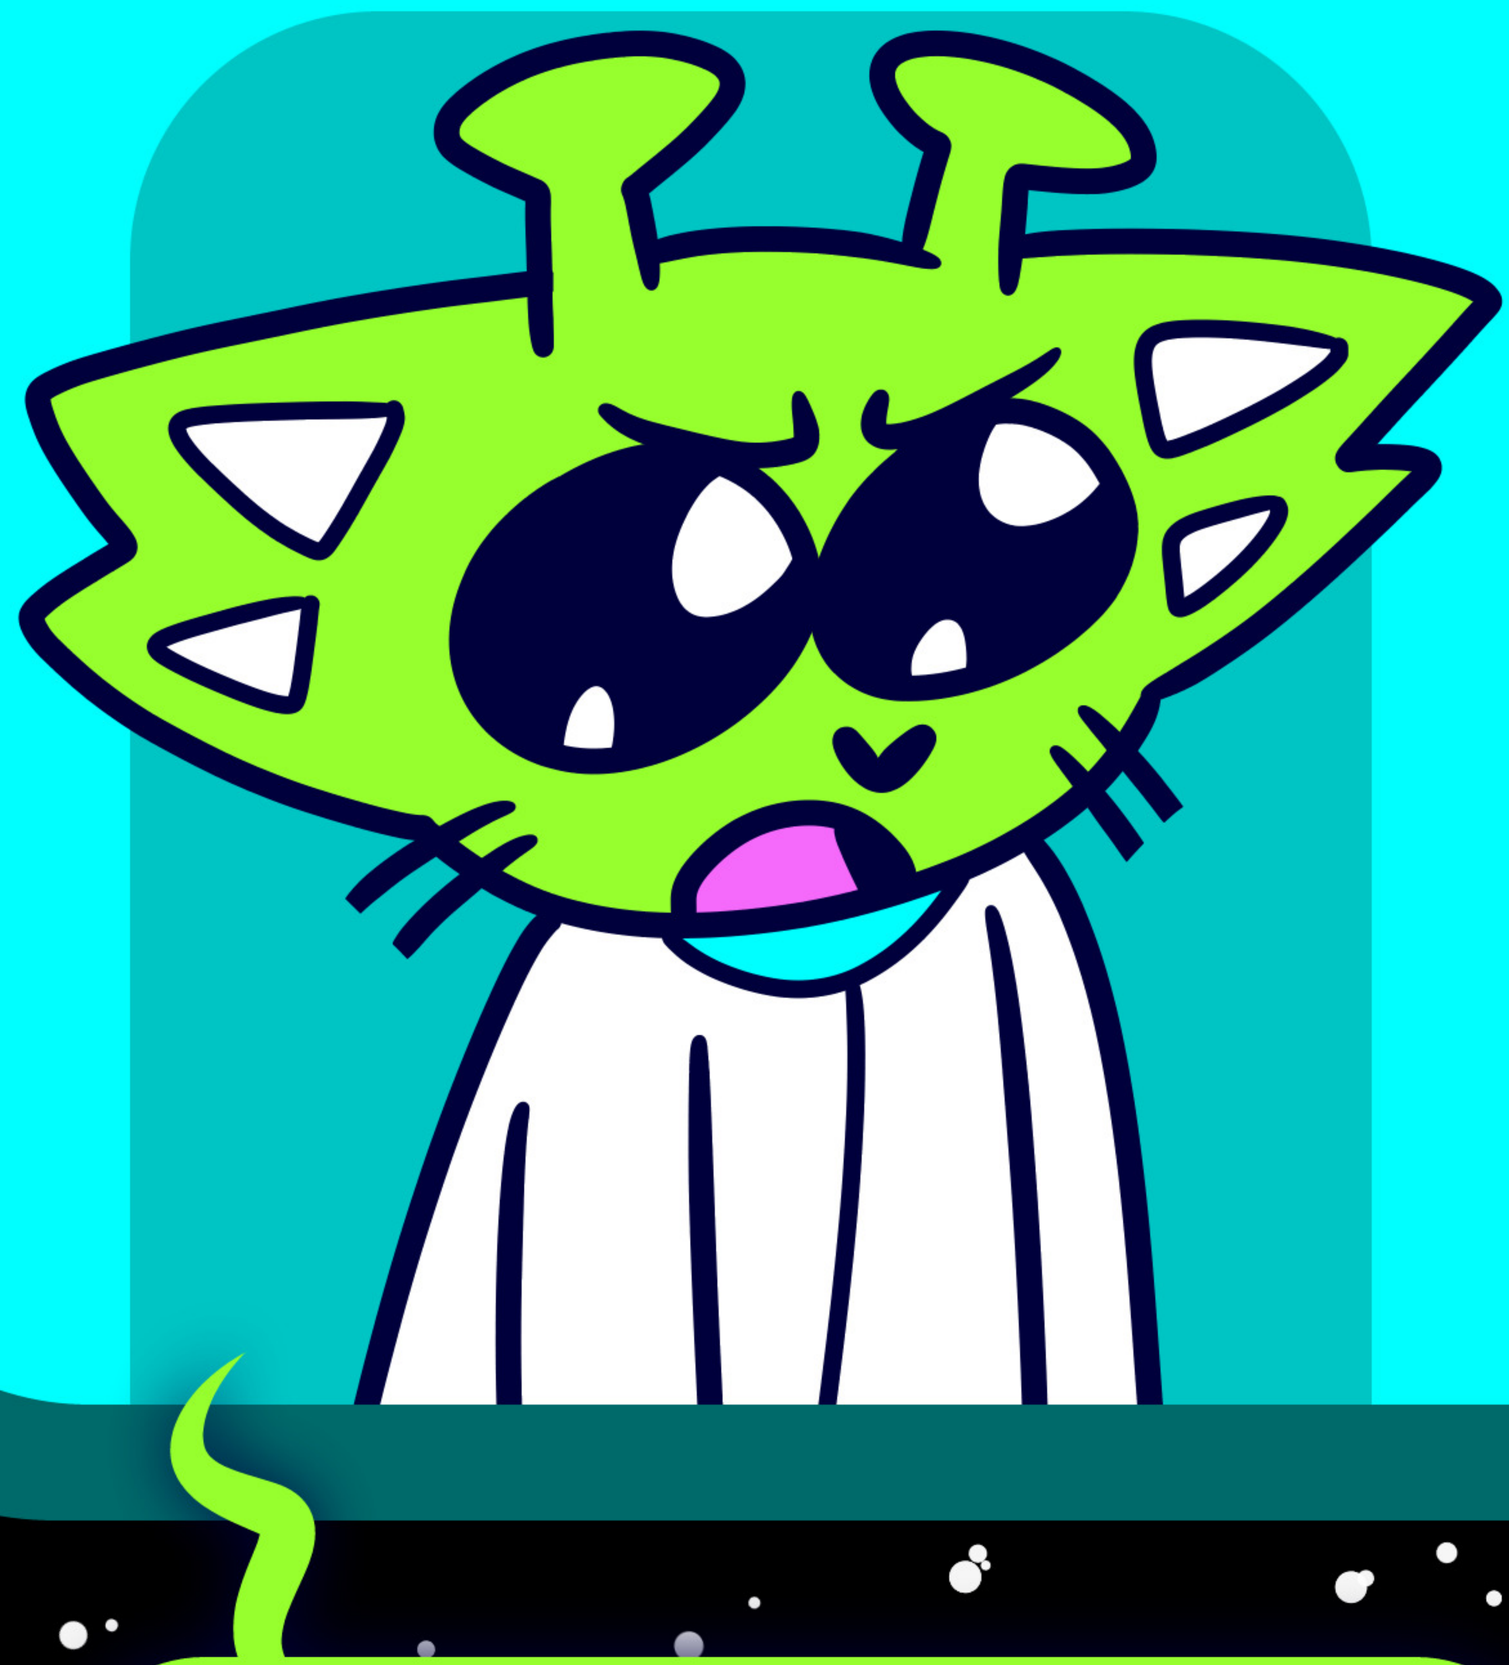


...w-what...
...is this...?

BZZZZZTTTTTT

Captain, I request a status report on your mission!

H-huh??? I... I don't know what my mission is!!!



What do you mean you don't know what your mission is?!? Don't you listen to anything?!

I'm VERY disappointed in you! We were all counting on you!

B-but-- nobody even told me what to do!!!

I don't even know where I am!!

We need your help, captain... we need you here.

B-but I don't even wanna be here!!! I don't know what's going on!!!

WE NEED YOU HERE.

WE NEED YOU HERE.

I NEED YOU HERE!

THERE YOU GO

WE NEED YOU HERE

WE'RE HERE
WE'RE HERE
WE'RE HERE
WE'RE HERE
WE'RE HERE
WE'RE HERE

WE NEED YOU HERE.
WE NEED YOU HERE.
WE NEED YOU HERE.
WE NEED YOU HERE.
WE NEED YOU HERE.

...I-I´m sorryyy....
I´m sorry...!!!

Mark, wake up...!!!

GASP!

It looks like you did fall asleep, but it wasn't really peaceful...

...y-yeah... I... I had a nightmare...

Well, I'm here now.
You're gonna be okay.
You're not alone...

...I uh, I got some stuff to make pasta cuz I know it's your favorite...

We can make that whenever you want.

Y-yay, pasta!!!...

Um... do you uh, wanna talk about the dream, or just not think about it?

...it was weird...

It was like... I was a space captain? And I was working for some... ...alien... cogs? And they were mad at me.

Cog... aliens? And they were mad at you?

They wanted a status update on my "mission" but I didn't know what my mission was...

Then they said they were disappointed in me and they were all counting on me... they needed me...

But I don't know why they needed me... I just wanted out of there...

Do you think it's possible that the cogs represented your parents?

Like... I know they'd never say that kind of thing to you, but maybe it's just how you feel.

...m-maybe...? I'm not sure if I believe in dream symbolism stuff... then why were they aliens???

Might just be the Solar Fair fresh in your mind.

NOD

Is it helping?

You always help me feel better...

...Cory.. if the...
if the dream thing
really WAS symbolism...
what am I supposed
to do about it...?

...personally, I think you need to move out.

B-but-- I can't move out! M-my family...

....n-needs me.....

...you see what I'm getting at?

It might not be today... and it might not be tomorrow, but we're gonna get you out of there, okay?

Then you can finally stop stressing and relax, and you'll be so much happier.

I really think the root of all your problems is being in that house.

You'll finally get to be yourself, and not just an extension of your parents.

Maybe you'll even learn things about yourself that you didn't know before, because you finally have the space to.

H-hey, your pasta, Mark!!!

...y-you'll really get me out...?

Of course, Mark.

I won't rest
until you can, too.

I've been good! I just had my 12th hatchday and finished 6th grade!!!

Just 2 more years til I'm in high school!! I'm all grown up!

nemphyss asked:

Hey bub! Why are you here?

I convinced our parents to let Charmy take me to the Solar Fair since the East Eroid incident is one of my favorite interests! We took an airplane all the way up here!!!

Being on an airplane is so cool!! It's just like going to space!!!... kind of!!!

I hope we can go back
to our home planet someday...

ladyinsertnamehere asked:

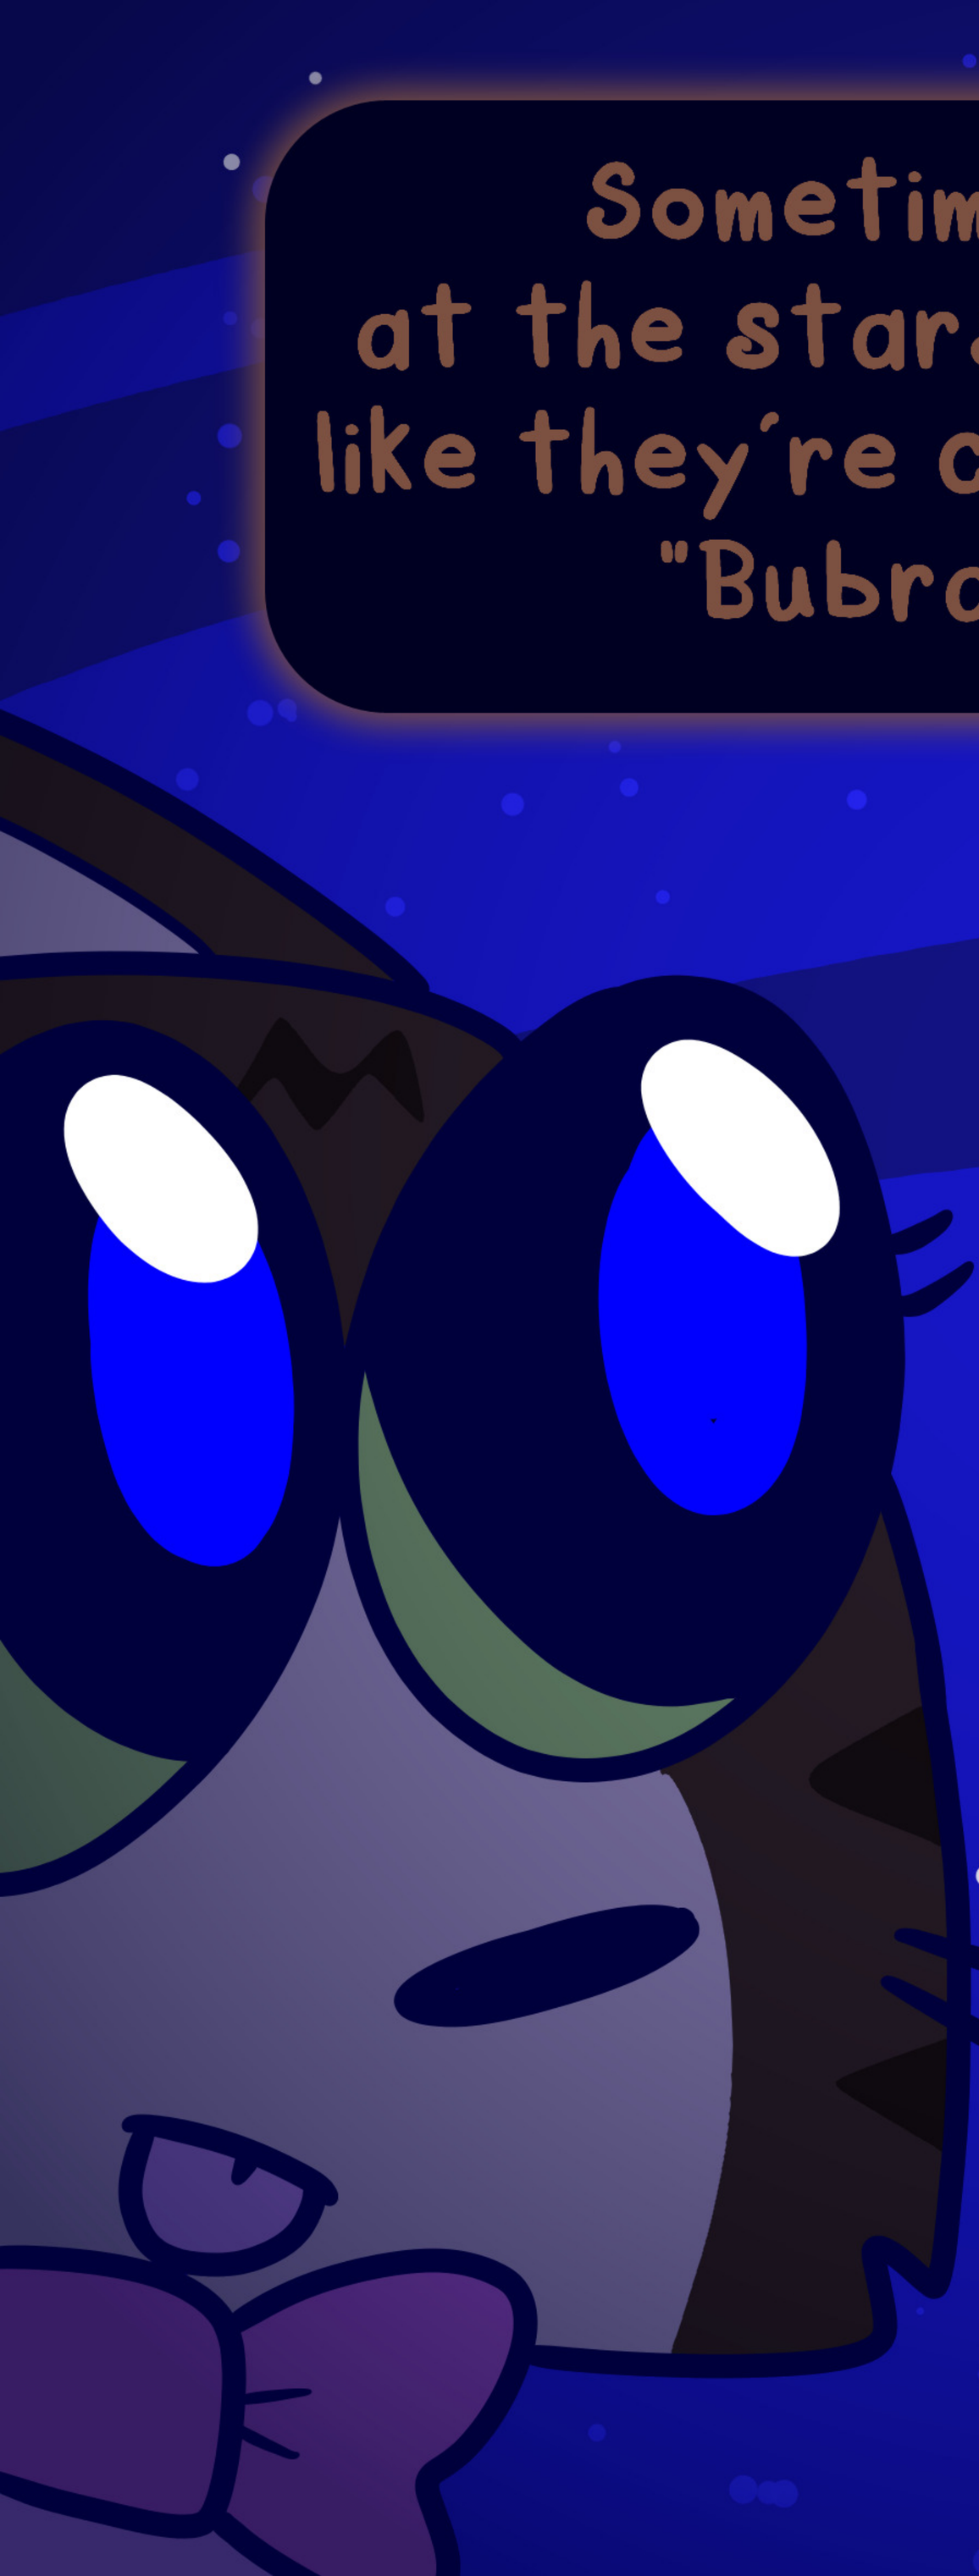
Home planet? What do you mean by that, Bub?

Oh, you didn't know?
I'm an alien!!!

...at least... I think I am, cuz I have dreams about it a lot.

Charmy thinks I'm just being silly and imagining things, but I swear, I think it's true!

Sometimes when I look
at the stars at night, it feels
like they're calling to me, saying
"Bubra, come back!"



...but then I realize it's just my dad calling me back in for supper.

alienradiobuzz asked:

Ally you should go say hi!!!!

nemphyss asked:

Maybe you're Alienkin! Like Ally!

What's kin mean?

Well, kin is shorthand for otherkin, and it basically means... feeling like something that isn't a real anthry.

You can feel like a ferry or some other creature or a concept or thing, or even fictional characters.

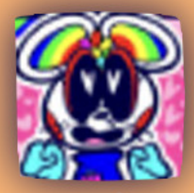
For a lot of people, it's a spiritual thing, like who or what you were in a past life.

I'm alienkin, so I feel like I'm an alien! That's probably what you feel too!

...if it's just a feeling... does that mean it's not real...?

Why should that mean it's not real?

If we feel it, then that's us knowing it's true!



ramthesillyram asked:

whos your dad bubra?

Our foster dad is named Stake Sauce, he works for a ferry rescue organization with our foster mom!

He's super outdoorsy and loves being active and in nature!

Our mom is named Tabby Sco Sauce, she works at the same place but has a passion for cooking!

She´s super fun-loving and has a great sense of humor!!!

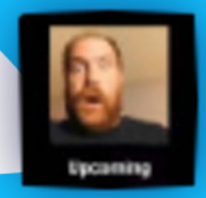
sinfultaximan asked:

hi, new one! who are you?



My name's Rocket Off, future Aerospace enigineer or even astronaut!!!

...I-I have to choose one, don't I?

I'm gonna learn about all sorts of stuff related to rocket science, like the maths, physics, aerodynamics-- stuff like that!

I'm gonna be famous someday!!!

.....and no, I'm not one of those people who believes aliens have visited Spinch, despite me being here and the hoodie.

I came because my friend Charmy invited me. The hoodie was made by my grandma cuz she found out I liked space. I didn't have the heart to not accept it.

alienradiobuzz asked:

How did you and Charmy meet, Rocket??

We met a few years ago at school! We've been best friends since!

Stop saying "friend"!
I don't have friends!
We are peers!

...best peers.

I am the best.
You are my peer.

Look, sis! He's got our bowtie too!!!

O-okey Awwy!!! (>w<)

Sis, that girl taught me a new thing! She said it´s true I´m an alien, I´m alienkin!

Wow, that's amazing, Bub. I'm so happy for you.

...are you sure it'll fit him?

Sure it will! Just watch--

--SEE! It´s perfect!!!

Lady, why is your baby so ugly???

RRAWWR

Hey Chem, do you think if I broke into SALSA, they would let me kiss an alien girl?

You really can't think about anything but kissing girls anymore, can you?

W-well what's wrong with that?! Girls are pretty!!!

I-it just feels like you don't care about research as much as you used to.

Whenever you DO think about your interests you tend to mix it with romantic notions. Like alien girls.

As an example, if I were to happen upon extraterrestrial life, my first instinct wouldn't be to kiss it.

I would observe its behavior, analyzing its biology and chemistry and attempt communication.

We would want to know if it has advanced intelligence. There's also ethics to consider, there might be potential risks and consequences of interacting with a lifeform that we know nothing about. If you kissed an alien you might make contact with bacteria that doesn't even exist on our planet, so we have no idea what it would do.

Discovering the existence of extraterrestrial life would be an absolutely monumental scientific breakthrough-

The questions that could be answered are practically limitless. It could change our entire understanding of what "life" even is- because our only frame of life is our own.

Life could be something entirely different on another world. It might not even look like life as we know it. There's literally no way to know now.

Isn't that amazing, and so much more interesting???

Okay, but...

What about the hypothetical scenario in which they're hot.

I would still say aesthetic attractiveness ranks lower in comparison to the other factors.

...but something tells me you don't care.

okay but REALLY pretty. like *gorgeous*

I concede and will not continue this argument.

COMET COASTER

Finally... I'm tall enough for a REAL rollercoaster!!!

I had fun! There's so much cool stuff to see here!

...I know I've got a lot of gripes with my family and everything...

...but this town is still home to me.

I've been going to the Solar Fair since I was a kid.

Getting to experience such a constant in my life with you...

...showing you things and places that are important to me...

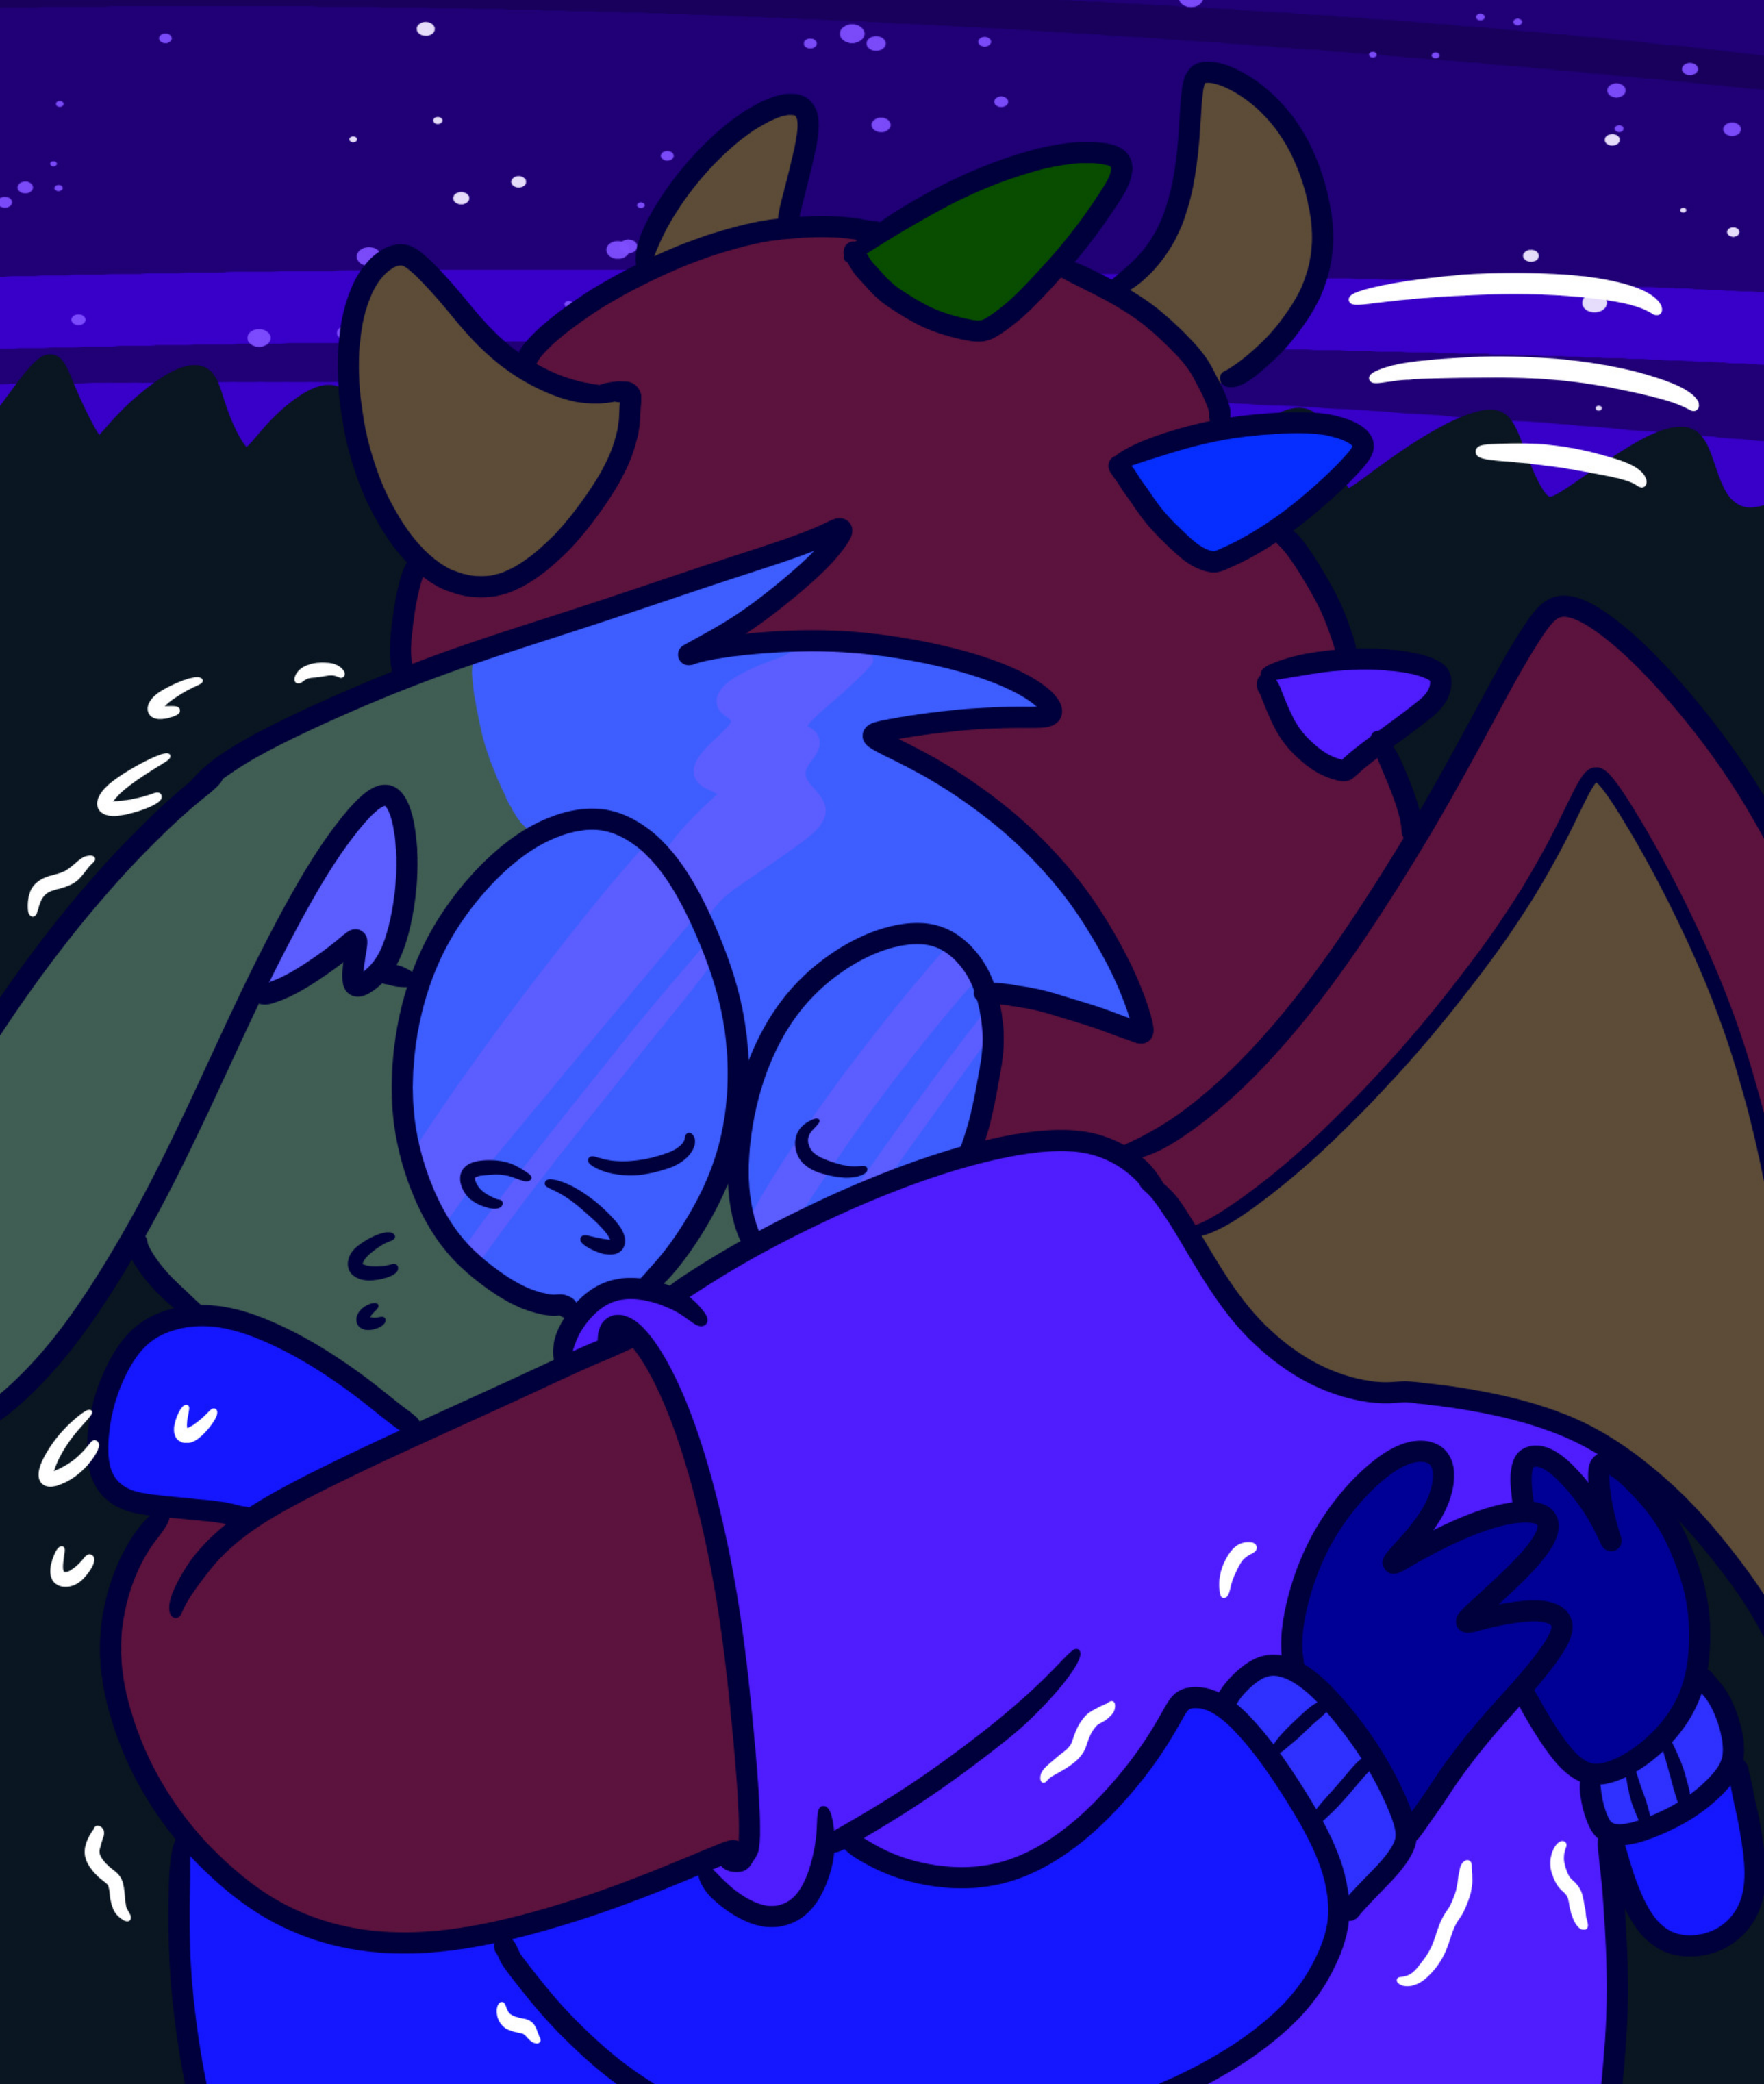
...for the first time since I was a kid, I-I don't feel a need to escape from my real life anymore...

I can just exist in the moment...

I-I don't have to just be on my phone thinking about my art all the time... ...you make me... feel like being in reality, when you're here...

B-being this happy is like... ALIEN to me...

I-I don't even remember the last time I felt this happy...



...I-I wish you could stay forever... ...I'd be happy like this always...

Well, my trip's not over yet, we still have a lot of time together.

We can appreciate every single moment.

You're making

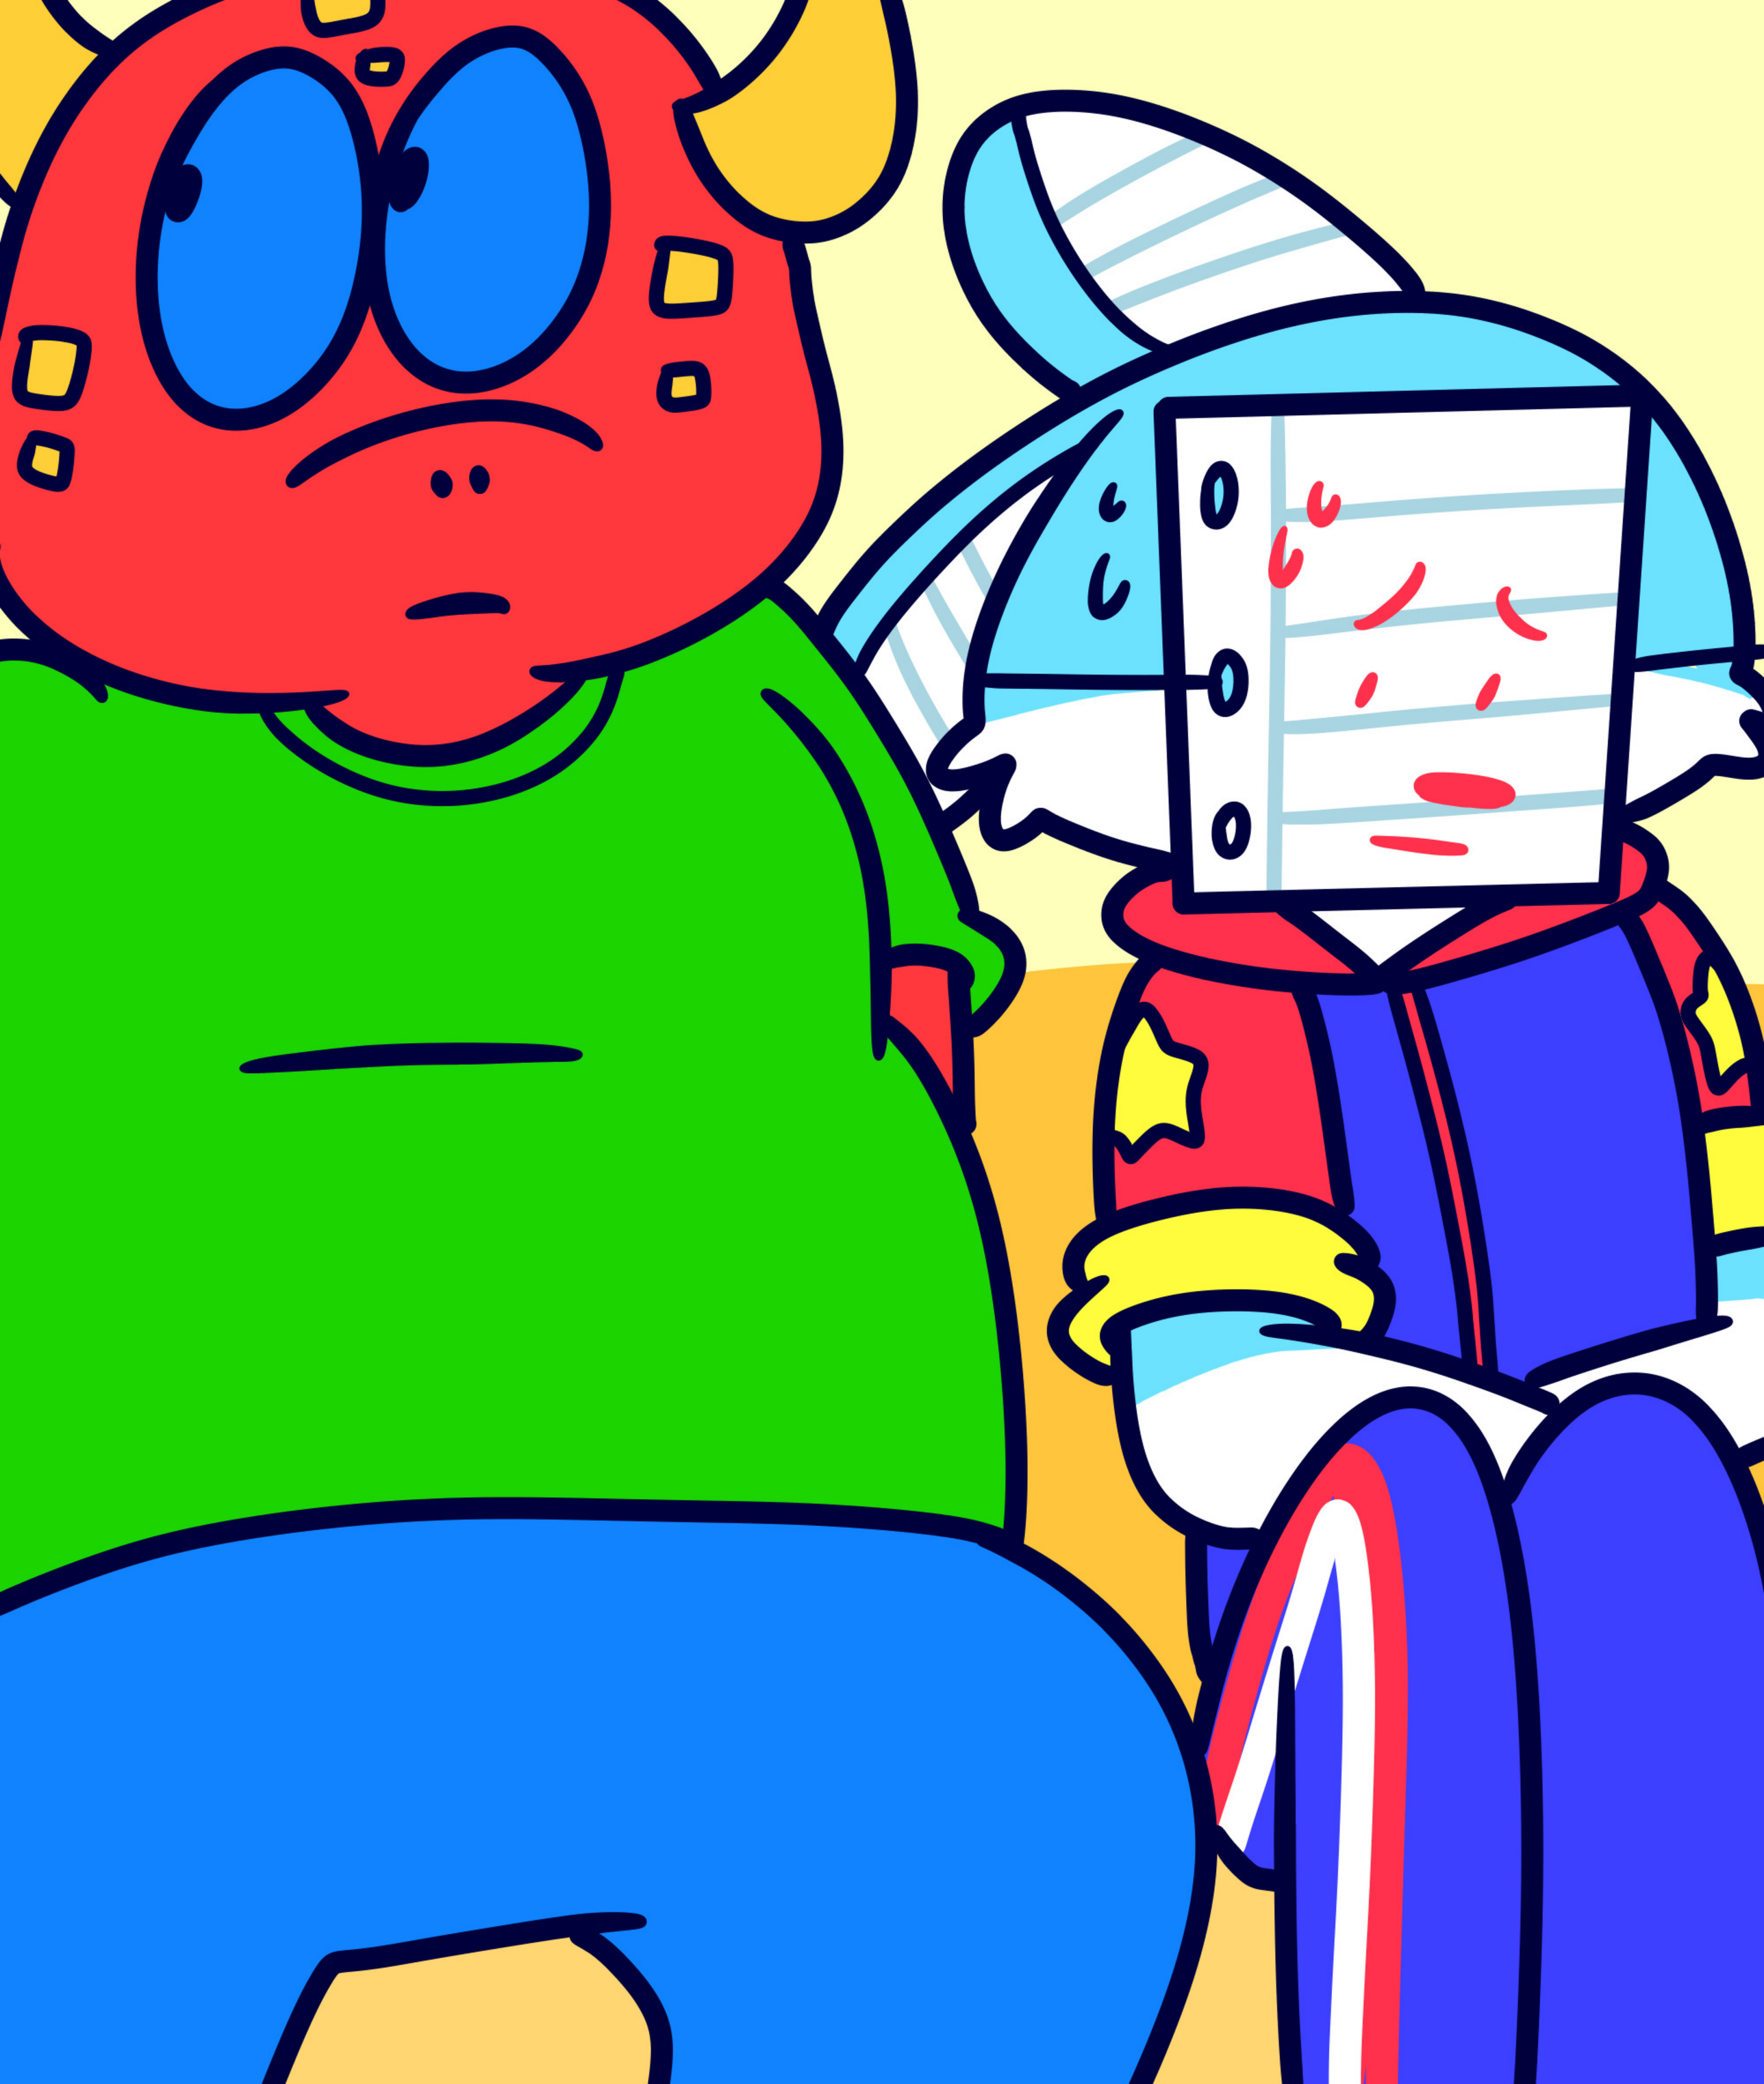
...n-not too many paper-faced boyfriends of the sisters, are there...?

Well, I'm just kinda down here waiting for Sly to shower...

I don't think Eve is awake yet.

T-that's fine! I can wait for her...!



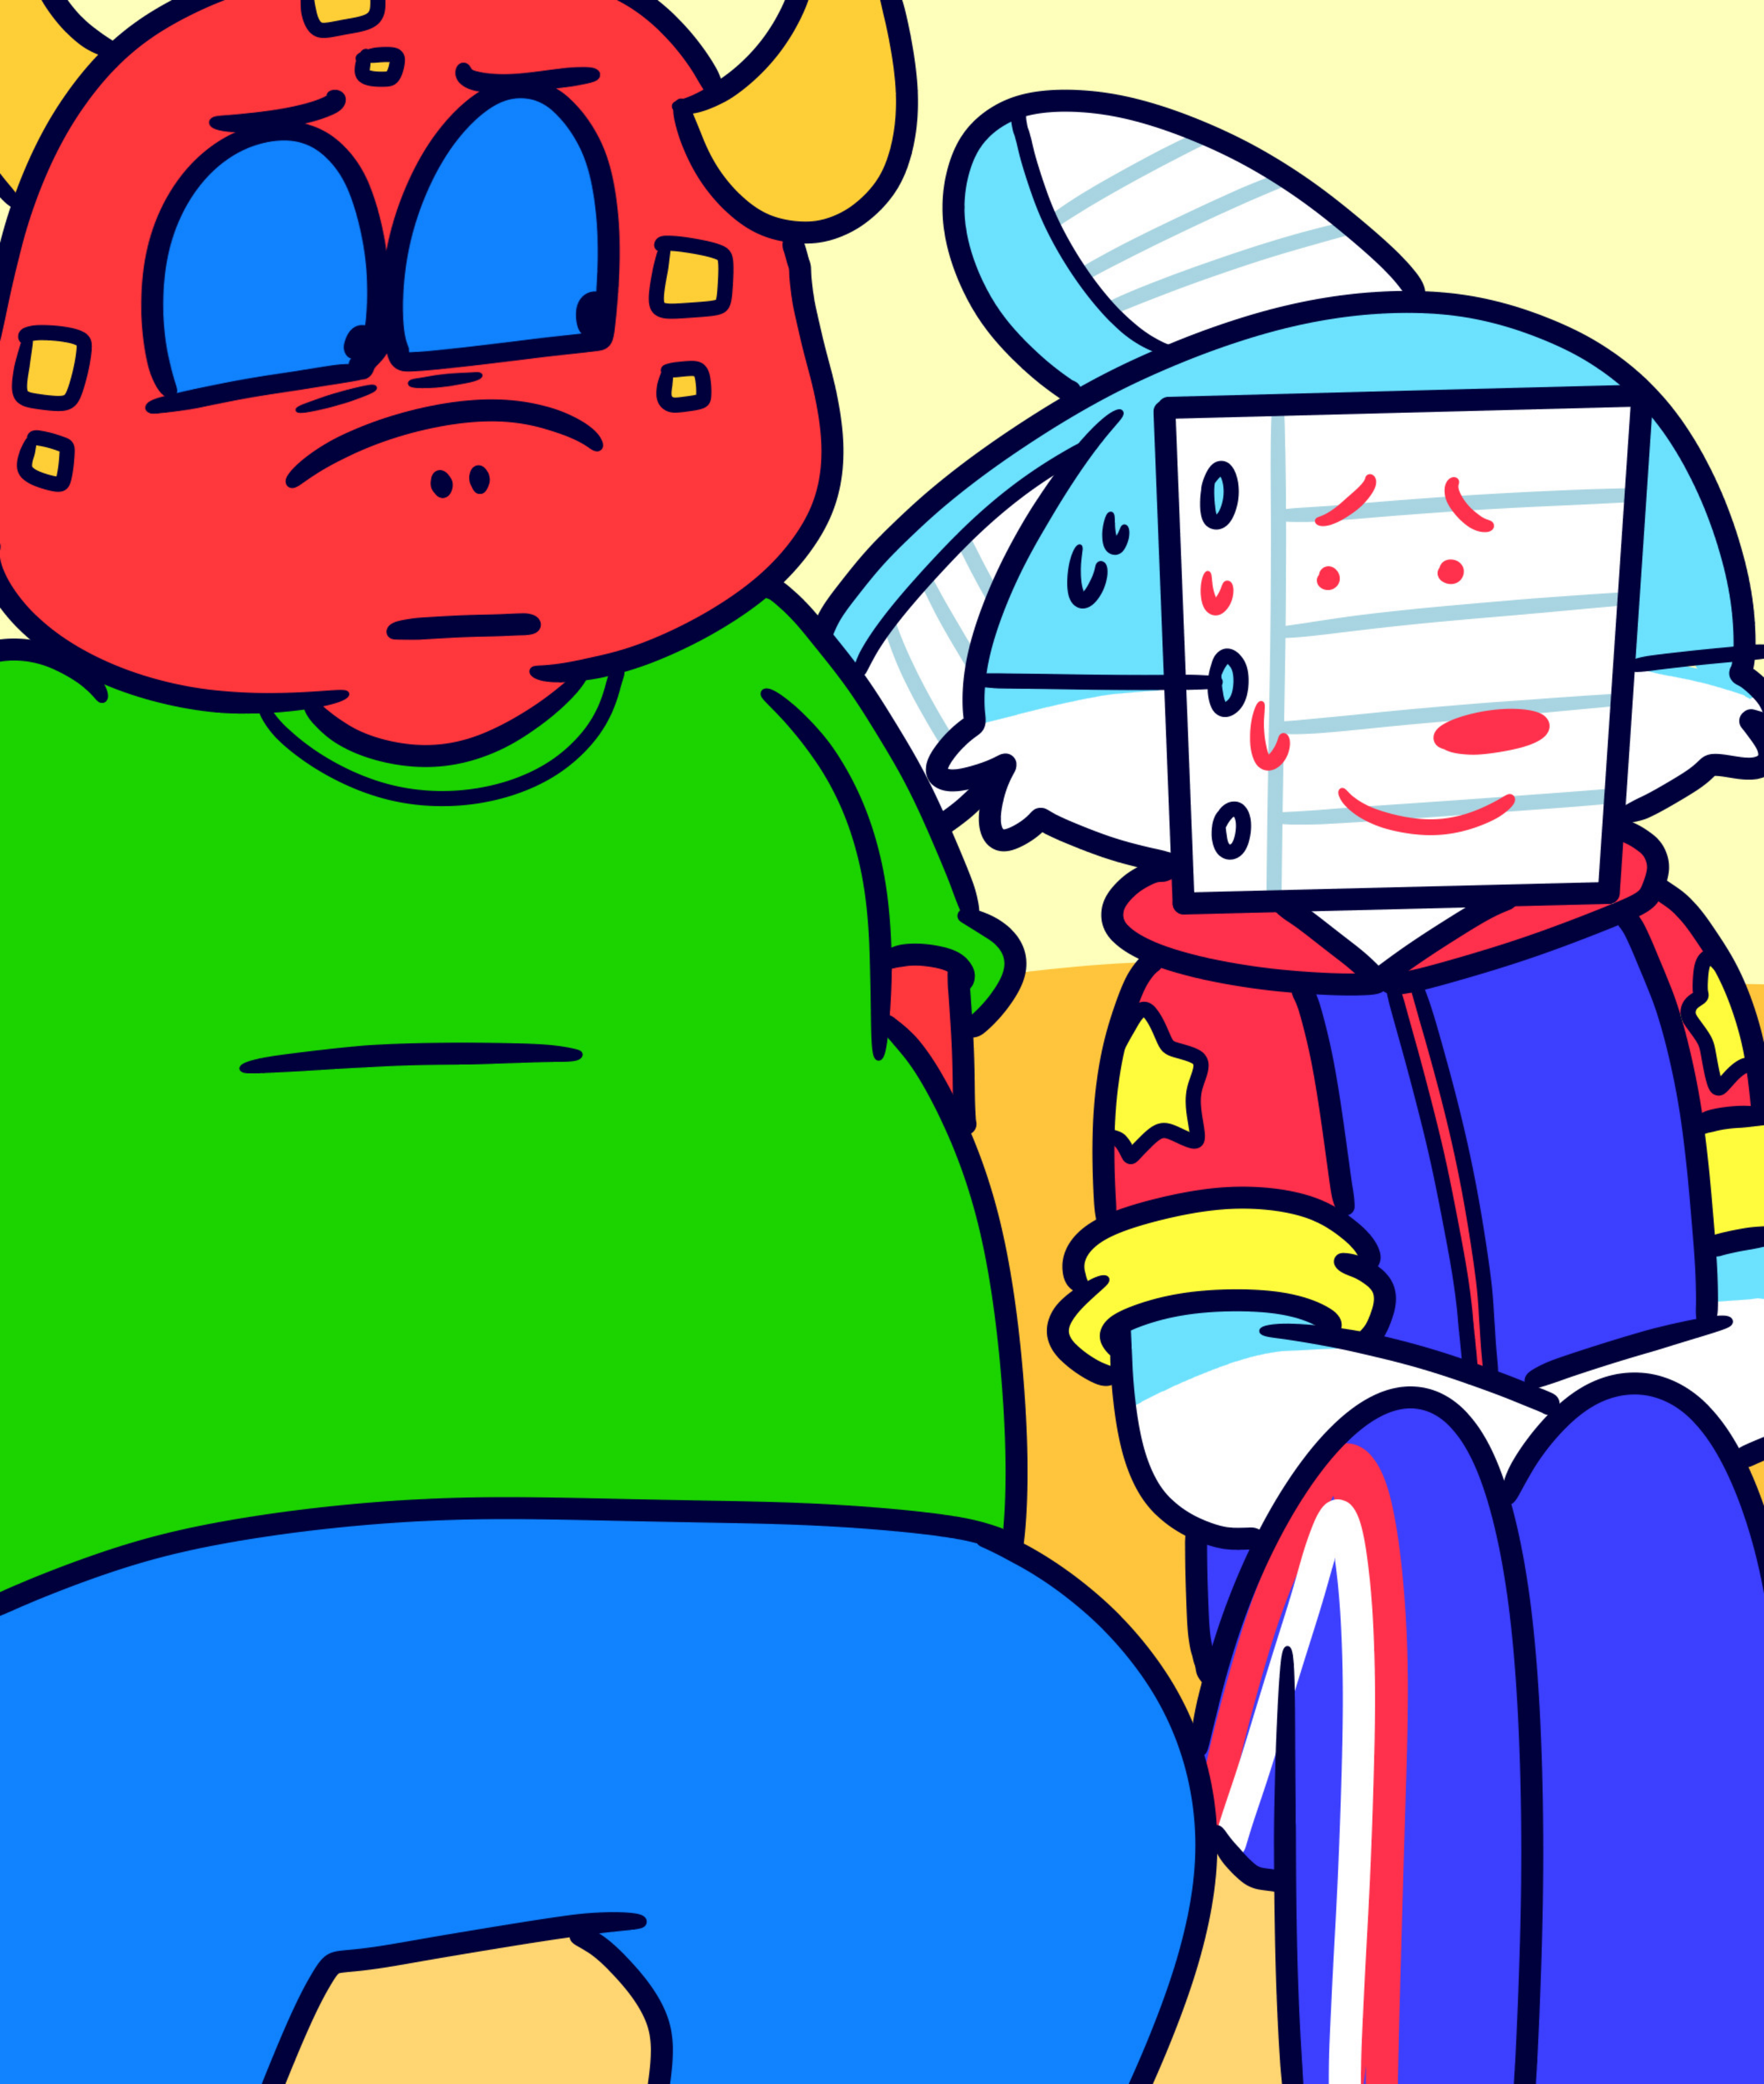
...Sooo.. uh... what do you like doing? Like, hobbies?

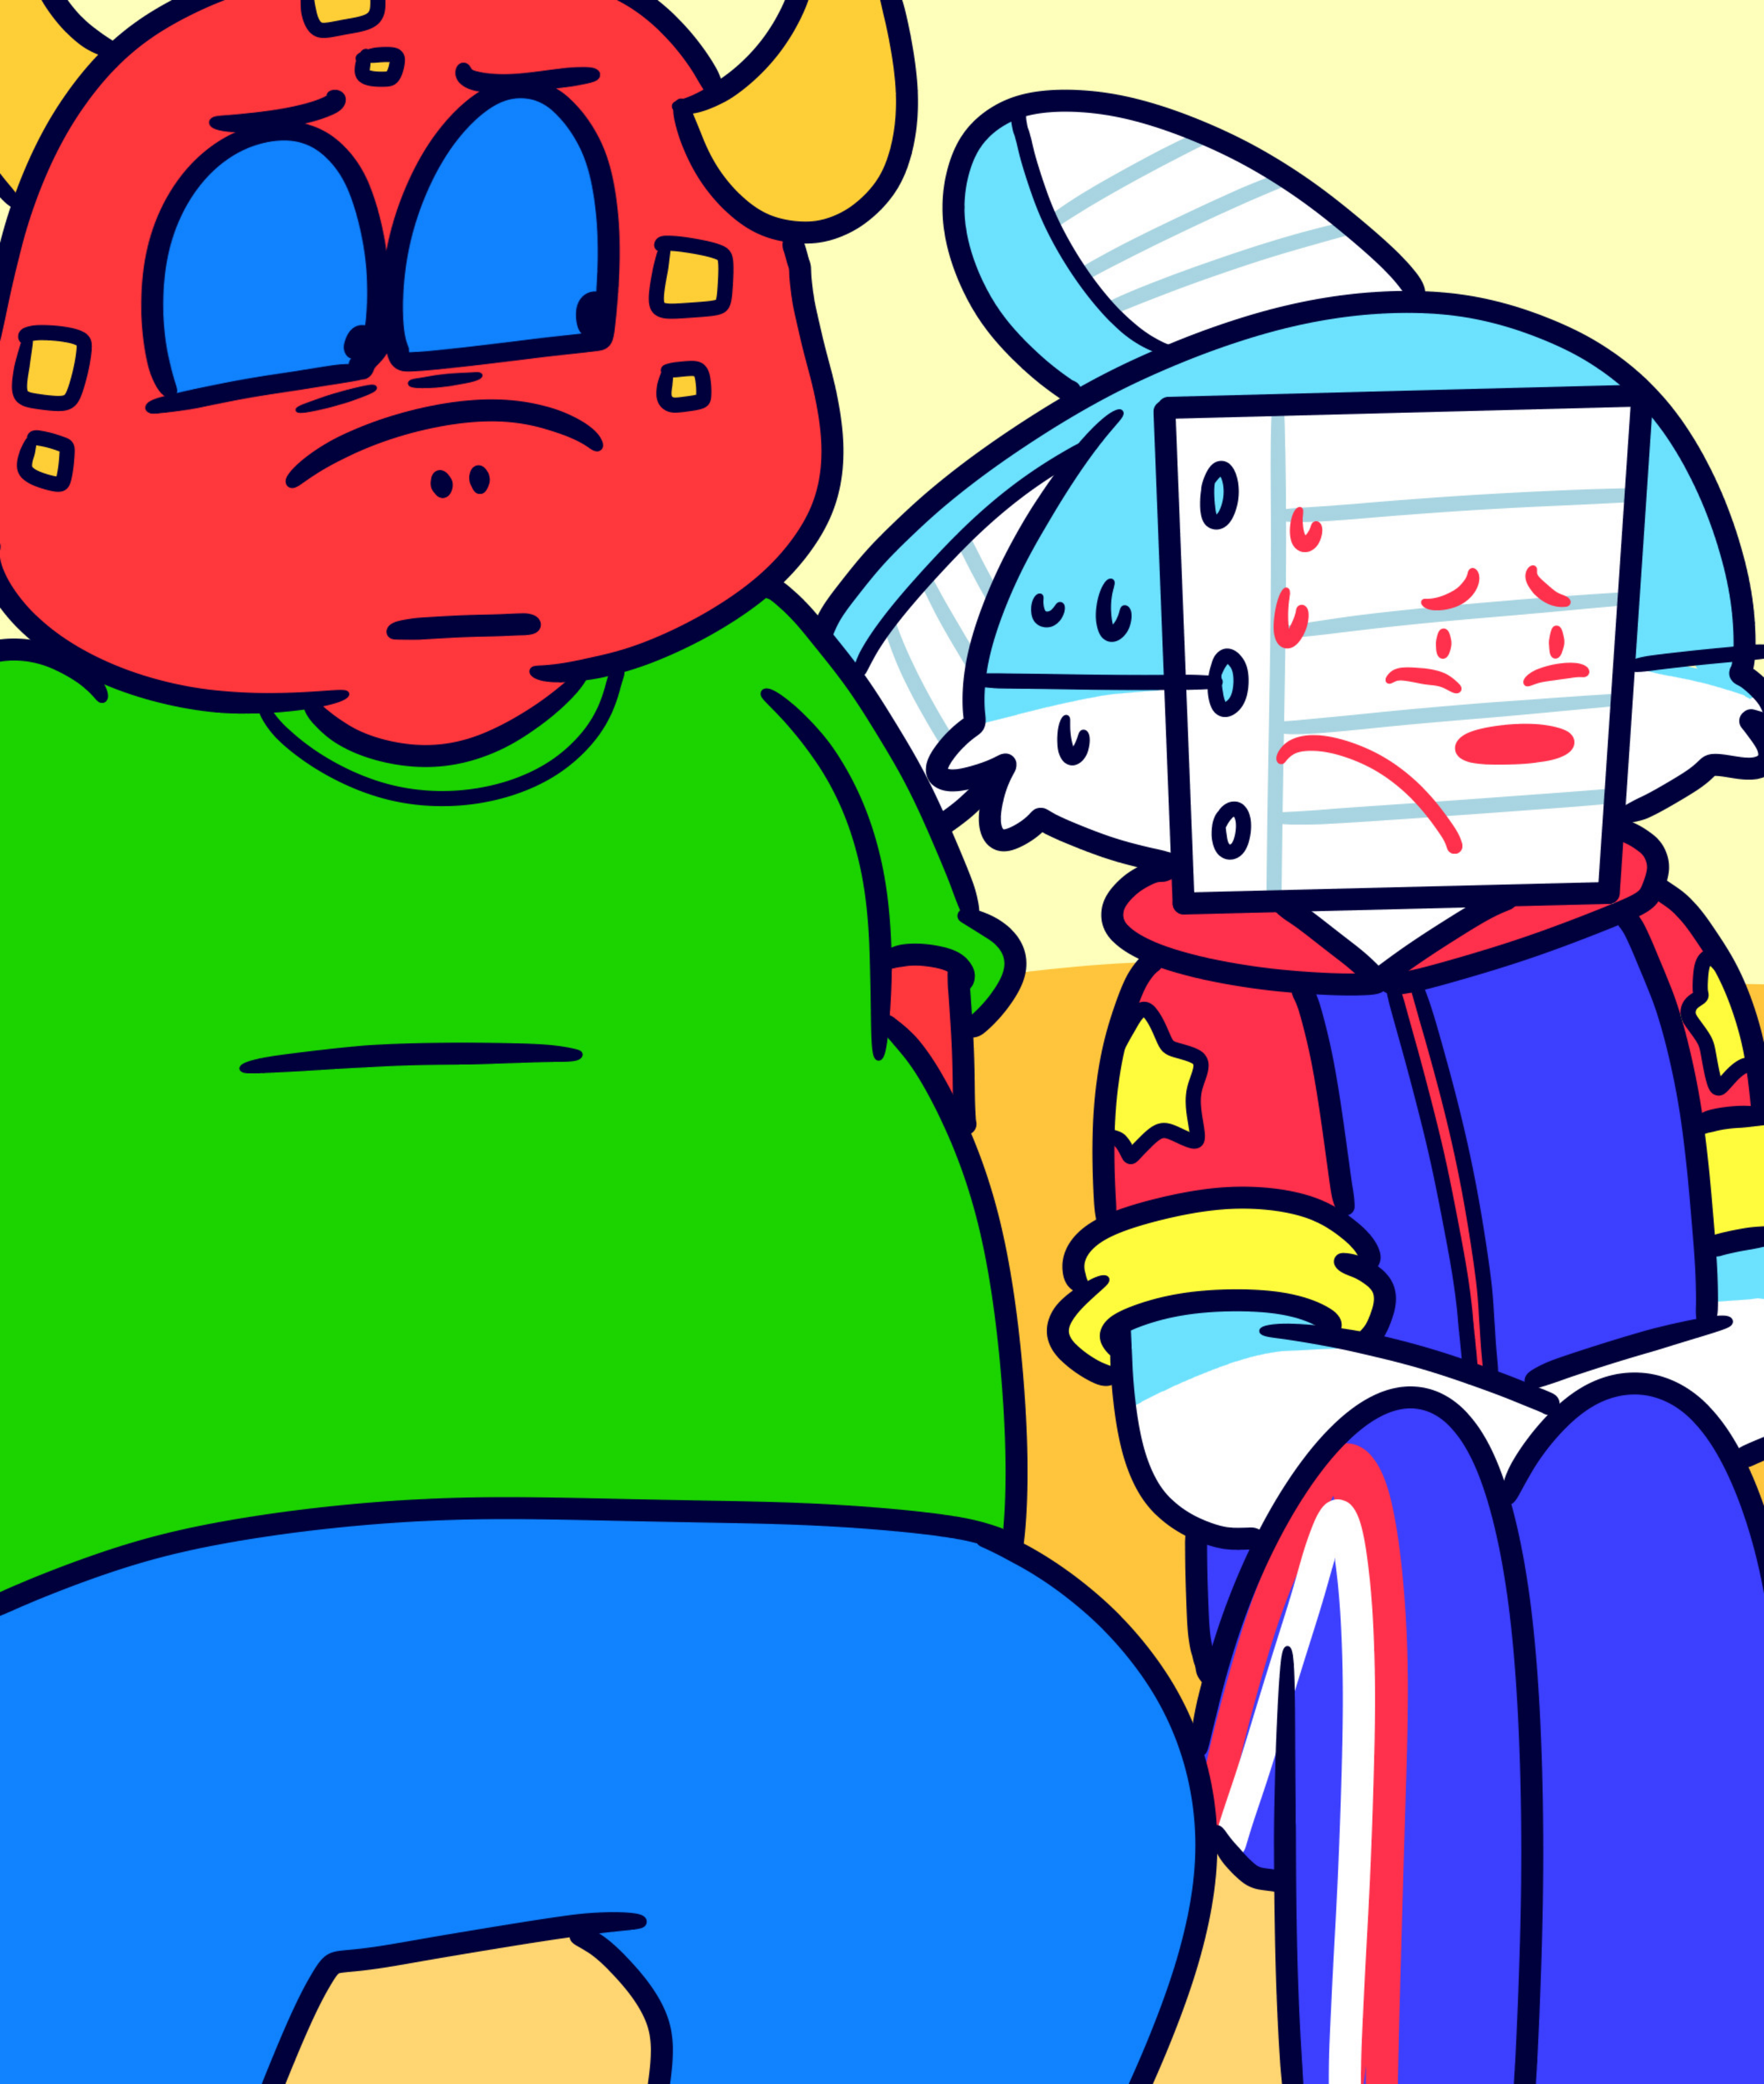
U-uh, I like reading.
My um, my moms own,
a uh, library. I- I live in it.
I like uh, writing, too.
M-mostly though it's reading.
Literature analysis.

...you sound a bit too nerdy for Eve. I'd expect her to date a jock or something.

I mean. I um, like watching sports. J-just... not doing them. I don't have the physical strength or stamina to be athletic like she is.

S-she doesn't have a problem with nerds anyway.





Really?
...I've heard
otherwise.

F-fuck, this guy doesn't like me AT ALL... I could hear it the second he saw me.

I-I mean, I can't really blame him.

U-ugh, this would all be SO MUCH easier if I could just--

Wait a minute...
waaaaait...

I didn't even
consider that...

...but is it worth taking the chance...? Are the risks worth it.....?

Dude, who are you talking to???

ladyinsertnamehere asked:

What is it scraps?

...Carl, listen to me.
Believe it or not, I want the same things you want.

Yes, I want Eve to be happy, but I also want Sly to be happy.

I think I know how we can make things better, even if not fix them-- but first I gotta explain a few things.

You're the only person connected to Eve's family somehow besides Eve herself who will know this. And I'm telling you about it because I want you to trust that I know what I'm talking about.

...C-Carl, I'm- I'm an ESPer. I can read people's minds.

.....y-yes, I know about that, but blasting it into my brain again is not necessary.

...a-anyway. Despite my powers, my ability to do anything about this is still extremely limited.

I have an unbreakable moral code to never reveal other people's thoughts or feelings to anyone who doesn't already have the information.

I can't get them to talk, because I can't tell Eve what Sly is thinking, and obviously Sly can't know either because Sly doesn't even know I'm an ESPer.

A-and they would never do it on their own. It's really rough.

B-but I was thinking... maybe.... TOGETHER, we could find a way to get them to like...

I-I dunno, spend time together...? Or something...?

Some sort of positive interactions. Anything.

I-it just... it fucks me up to watch them hurt and miss each other so much and not be able to tell either of them.

I feel like... if we worked together, maybe we could do something about it.

I´m in.

IT'S TRUE!! The other night, I was outside and I saw mysterious lights in the sky-

--and THAT GUY came to my door and told me to delete my posts about it. He's literally a Dog in Black!

That's what they do! They try to cover up the evidence of aliens from the public!

What's he doing at the Solar Fair?

I guess government agents like to have fun sometimes, too.

Also Howie, isn't it weird he's got the same ferry shelter logo on his shoulder as your parents' uniform's do? Wonder what that's about
